OBLIGATORY PROVISIONS

NOW, THEREFORE, in consideration of the above recitals, the covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which the Parties hereby acknowledge, City and Contractor/Service Provider hereby agree as follows:

1. SERVICES

1.1 Required Services. Contractor/Service Provider agrees to perform the services, and deliver to City the “Deliverables” (if any) described in the attached Exhibit A, incorporated into the Agreement by this reference, within the time frames set forth therein, time being of the essence for this Agreement. The services and/or Deliverables described in Exhibit A shall be referred to herein as the “Required Services.”

1.2 Reductions in Scope of Work. City may independently, or upon request from Contractor/Service Provider, from time to time, reduce the Required Services to be performed by the Contractor/Service Provider under this Agreement. Upon doing so, City and Contractor/Service Provider agree to meet and confer in good faith for the purpose of negotiating a corresponding reduction in the compensation associated with the reduction.

1.3 Additional Services. Subject to compliance with the City’s Charter, codes, policies, procedures and ordinances governing procurement and purchasing authority, City may request Contractor/Service Provider provide additional services related to the Required Services (“Additional Services”). If so, City and Contractor/Service Provider agree to meet and confer in good faith for the purpose of negotiating an amendment to Exhibit A, to add the Additional Services. Unless otherwise agreed, compensation for the Additional Services shall be charged and paid consistent with the rates and terms already provided therein. Once added to Exhibit A, “Additional Services” shall also become “Required Services” for purposes of this Agreement.

1.4 Standard of Care. Contractor/Service Provider expressly warrants and agrees that any and all Required Services hereunder shall be performed in accordance with the highest standard of care exercised by members of the profession currently practicing under similar conditions and in similar locations.

1.5 No Waiver of Standard of Care. Where approval by City is required, it is understood to be conceptual approval only and does not relieve the Contractor/Service Provider of responsibility for complying with all laws, codes, industry standards, and liability for damages caused by negligent acts, errors, omissions, noncompliance with industry standards, or the willful misconduct of the Contractor/Service Provider or its subcontractors.

1.6 Security for Performance. In the event that Exhibit A Section 4 indicates the need for Contractor/Service Provider to provide additional security for performance of its duties under this Agreement, Contractor/Service Provider shall provide such additional security prior to commencement of its Required Services in the form and on the terms prescribed on Exhibit A, or as otherwise prescribed by the City Attorney.

1.7 Compliance with Laws. In its performance of the Required Services, Contractor/Service Provider shall comply with any and all applicable federal, state and local laws, including the Chula Vista Municipal Code.

1.8 Business License. Prior to commencement of work, Contractor/Service Provider shall obtain a business license from City.

1.9 Subcontractors. Prior to commencement of any work, Contractor/Service Provider shall submit for City's information and approval a list of any and all subcontractors to be used by Contractor/Service Provider in the performance of the Required Services. Contractor/Service Provider agrees to take appropriate measures necessary to ensure that all subcontractors and personnel utilized by the Contractor/Service Provider to complete its obligations under this Agreement comply with all applicable laws, regulations, ordinances, and policies, whether federal, state, or local. In addition, if any subcontractor is expected to fulfill any responsibilities of the Contractor/Service Provider under this Agreement, Contractor/Service Provider shall ensure that each and every subcontractor carries out the Contractor/Service Provider's responsibilities as set forth in this Agreement.

1.10 Term. This Agreement shall commence on the earlier to occur of the Effective Date or Contractor/Service Provider's commencement of the Required Services hereunder, and shall terminate when the Parties have complied with all their obligations hereunder; provided, however, provisions which expressly survive termination shall remain in effect.

2. TOW LICENSE FEE

2.1 Authorization of Tow License Fee. According to California Vehicle Code Section 12110:

(a) Except as provided in subdivision (b), no towing service shall provide and no person or public entity shall accept any direct or indirect commission, gift or any compensation whatever from a towing service in consideration of arranging or requesting the services of a tow truck. As used in this section, "arranging" does not include the activities of employees or principals of a provider of towing services in responding to a request for towing services.

(b) Subdivision (a) does not preclude a public entity otherwise authorized by law from requiring a fee in connection with the award of a franchise for towing vehicles on behalf of that public entity. However, the fee in those cases may not exceed the amount necessary to reimburse the public entity for its actual and reasonable costs incurred in connection with the towing program.

2.2 Tow License Fee Amount/Apportionment. Each contractor shall pay an annual Tow License Fee to the City for each year of the term of the contract. The Tow License Fee will be apportioned equally among the selected contractors. Exhibit D shows the 2022 Tow License Fee based upon the number of tow companies in contract with the City. The Tow License Fee relates to staff recovery costs of requesting a tow call for service, from the start time a police employee calls for a tow request to the end time that the tow company leaves the scene. The Tow License Fee shall be paid by Contractor/Service Provider in equal quarterly installments.

With seven (7) tow companies currently contracting with City, Contractor/Service Provider agrees to pay an annual Tow License Fee of **\$21,739.57** in calendar year 2022.

2.3 Fee Updates. The Tow License Fee is subject to review and revision each year of the contract by the City in accordance with the methodology set forth in Exhibit D. In addition, the City may make prorated adjustments on a quarterly basis to compensate for either an increase or decrease in the number of contractors providing service.

2.4 Late Payments. The City will bill the Tow License Fee to the contractor in equal quarterly installments. If the City fails to receive the Tow License Fee within thirty (30) calendar days of the quarterly due date, the

payment shall be considered delinquent and a penalty of 10% of the amount due shall be applied and collected. For any payments not received within sixty (60) calendar days after the due date, an additional 1.5% per month multiplied by the amount due and any accrued penalties shall be applied and collected. The City will allow one late payment (with corresponding late penalties) of the Tow License Fee if it is received within ninety (90) calendar days after the due date. Any one payment received ninety (90) calendar days after the due date, or any two payments received after sixty (60) calendar days after the due date shall be cause for additional damages for breach of contract and/or termination of contract.

2.5 Negligent Vehicle Impound Fee. The Negligent Vehicle Impound Fee, which is a separate fee in addition to the Tow License Fee, relates to additional City staff recovery costs to process a negligent vehicle impound. If applicable, the Negligent Vehicle Impound Fee shall be paid by the vehicle owner in person at the Chula Vista Police Department or online on the Chula Vista Police Department's website prior to the release of the vehicle.

3. INSURANCE

3.1 Required Insurance. Contractor/Service Provider must procure and maintain, during the period of performance of Required Services under this Agreement, and for twelve months after completion of Required Services, the policies of insurance described on the attached Exhibit B, incorporated into the Agreement by this reference (the "Required Insurance"). The Required Insurance shall also comply with all other terms of this Section.

3.2 Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions relating to the Required Insurance must be disclosed to and approved by City in advance of the commencement of work.

3.3 Standards for Insurers. Required Insurance must be placed with licensed insurers admitted to transact business in the State of California with a current A.M. Best's rating of A V or better, or, if insurance is placed with a surplus lines insurer, insurer must be listed on the State of California List of Eligible Surplus Lines Insurers (LESLI) with a current A.M. Best's rating of no less than A X. For Workers' Compensation Insurance, insurance issued by the State Compensation Fund is also acceptable.

3.4 Subcontractors. Contractor/Service Provider must include all sub-Contractor/Service Providers/sub-contractors as insureds under its policies and/or furnish separate certificates and endorsements demonstrating separate coverage for those not under its policies. Any separate coverage for sub-Contractor/Service Providers must also comply with the terms of this Agreement.

3.5 Additional Insureds. City, its officers, officials, employees, agents, and volunteers must be named as additional insureds with respect to any policy of general liability, automobile, or pollution insurance specified as required in Exhibit B or as may otherwise be specified by City's Risk Manager. The general liability additional insured coverage must be provided in the form of an endorsement to the Contractor/Service Provider's insurance using ISO CG 2010 (11/85) or its equivalent; such endorsement must not exclude Products/Completed Operations coverage.

3.6 General Liability Coverage to be "Primary." Contractor/Service Provider's general liability coverage must be primary insurance as it pertains to the City, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, or volunteers is wholly separate from the insurance provided by Contractor/Service Provider and in no way relieves Contractor/Service Provider from its responsibility to provide insurance.

3.7 No Cancellation. No Required Insurance policy may be canceled by either Party during the required insured period under this Agreement, except after thirty days' prior written notice to the City by certified mail, return receipt requested. Prior to the effective date of any such cancellation Contractor/Service Provider must procure and put into effect equivalent coverage(s).

3.8 Waiver of Subrogation. Contractor/Service Provider's insurer(s) will provide a Waiver of Subrogation in favor of the City for each Required Insurance policy under this Agreement. In addition, Contractor/Service Provider waives any right it may have or may obtain to subrogation for a claim against City.

3.9 Verification of Coverage. Prior to commencement of any work, Contractor/Service Provider shall furnish City with original certificates of insurance and any amendatory endorsements necessary to demonstrate to City that Contractor/Service Provider has obtained the Required Insurance in compliance with the terms of this Agreement. The words "will endeavor" and "but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents, or representatives" or any similar language must be deleted from all certificates. The required certificates and endorsements should otherwise be on industry standard forms. The City reserves the right to require, at any time, complete, certified copies of all required insurance policies, including endorsements evidencing the coverage required by these specifications.

3.10 Claims Made Policy Requirements. If General Liability, Pollution and/or Asbestos Pollution Liability and/or Errors & Omissions coverage are required and are provided on a claims-made form, the following requirements also apply:

a. The "Retro Date" must be shown, and must be before the date of this Agreement or the beginning of the work required by this Agreement.

b. Insurance must be maintained, and evidence of insurance must be provided, for at least five (5) years after completion of the work required by this Agreement.

c. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a "Retro Date" prior to the effective date of this Agreement, the Contractor/Service Provider must purchase "extended reporting" coverage for a minimum of five (5) years after completion of the work required by this Agreement.

d. A copy of the claims reporting requirements must be submitted to the City for review.

3.11 Not a Limitation of Other Obligations. Insurance provisions under this section shall not be construed to limit the Contractor/Service Provider's obligations under this Agreement, including Indemnity.

3.12 Additional Coverage. To the extent that insurance coverage provided by Contractor/Service Provider maintains higher limits than the minimums appearing in Exhibit B, City requires and shall be entitled to coverage for higher limits maintained.

4. INDEMNIFICATION

4.1. General. To the maximum extent allowed by law, Contractor/Service Provider shall protect, defend, indemnify and hold harmless City, its elected and appointed officers, agents, employees and volunteers (collectively, “Indemnified Parties”), from and against any and all claims, demands, causes of action, costs, expenses, (including reasonable attorneys’ fees and court costs), liability, loss, damage or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged acts, omissions, negligence, or willful misconduct of Contractor/Service Provider, its officials, officers, employees, agents, and contractors, arising out of or in connection with the performance of the Required Services, the results of such performance, or this Agreement. This indemnity provision does not include any claims, damages, liability, costs and expenses arising from the sole negligence or willful misconduct of the Indemnified Parties. Also covered is liability arising from, connected with, caused by or claimed to be caused by the active or passive negligent acts or omissions of the Indemnified Parties which may be in combination with the active or passive negligent acts or omissions of the Contractor/Service Provider, its employees, agents or officers, or any third party.

4.2. Modified Indemnity Where Agreement Involves Design Professional Services. Notwithstanding the forgoing, if the services provided under this Agreement are design professional services, as defined by California Civil Code section 2782.8, as may be amended from time to time, the defense and indemnity obligation under Section 1, above, shall be limited to the extent required by California Civil Code section 2782.8.

4.3 Costs of Defense and Award. Included in Contractor/Service Provider’s obligations under this Section 4 is Contractor/Service Provider’s obligation to defend, at Contractor/Service Provider’s own cost, expense and risk, any and all suits, actions or other legal proceedings that may be brought or instituted against one or more of the Indemnified Parties. Subject to the limitations in this Section 4, Contractor/Service Provider shall pay and satisfy any judgment, award or decree that may be rendered against one or more of the Indemnified Parties for any and all related legal expenses and costs incurred by any of them.

4.4. Contractor/Service Provider’s Obligations Not Limited or Modified. Contractor/Service Provider’s obligations under this Section 4 shall not be limited to insurance proceeds, if any, received by the Indemnified Parties, or by any prior or subsequent declaration by the Contractor/Service Provider. Furthermore, Contractor/Service Provider’s obligations under this Section 4 shall in no way limit, modify or excuse any of Contractor/Service Provider’s other obligations or duties under this Agreement.

4.5. Enforcement Costs. Contractor/Service Provider agrees to pay any and all costs City incurs in enforcing Contractor/Service Provider’s obligations under this Section 4.

4.6 Survival. Contractor/Service Provider’s obligations under this Section 4 shall survive the termination of this Agreement.

5. FINANCIAL INTERESTS OF CONTRACTOR/SERVICE PROVIDER.

5.1 Form 700 Filing. The California Political Reform Act and the Chula Vista Conflict of Interest Code require certain government officials and Contractor/Service Providers performing work for government agencies to publicly disclose certain of their personal assets and income using a Statement of Economic Interests form (Form 700). In order to assure compliance with these requirements, Contractor/Service Provider shall comply with the disclosure requirements identified in the attached Exhibit C, incorporated into the Agreement by this reference.

5.2 Disclosures; Prohibited Interests. Independent of whether Contractor/Service Provider is required to file a Form 700, Contractor/Service Provider warrants and represents that it has disclosed to City any economic interests held by Contractor/Service Provider, or its employees or subcontractors who will be performing the Required Services, in any real property or project which is the subject of this Agreement. Contractor/Service Provider warrants and represents that it has not employed or retained any company or person, other than a bona fide employee or approved subcontractor working solely for Contractor/Service Provider, to solicit or secure this Agreement. Further, Contractor/Service Provider warrants and represents that it has not paid or agreed to pay any company or person, other than a bona fide employee or approved subcontractor working solely for Contractor/Service Provider, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor/Service Provider further warrants and represents that no officer or employee of City, has any interest, whether contractual, non-contractual, financial or otherwise, in this transaction, the proceeds hereof, or in the business of Contractor/Service Provider or Contractor/Service Provider's subcontractors. Contractor/Service Provider further agrees to notify City in the event any such interest is discovered whether or not such interest is prohibited by law or this Agreement. For breach or violation of any of these warranties, City shall have the right to rescind this Agreement without liability.

6. REMEDIES

6.1 Termination for Cause. If for any reason whatsoever Contractor/Service Provider shall fail to perform the Required Services under this Agreement, in a proper or timely manner, or if Contractor/Service Provider shall violate any of the other covenants, agreements or conditions of this Agreement (each a "Default"), in addition to any and all other rights and remedies City may have under this Agreement, at law or in equity, City shall have the right to terminate this Agreement by giving five (5) days written notice to Contractor/Service Provider. Such notice shall identify the Default and the Agreement termination date. If Contractor/Service Provider notifies City of its intent to cure such Default prior to City's specified termination date, and City agrees that the specified Default is capable of being cured, City may grant Contractor/Service Provider up to ten (10) additional days after the designated termination date to effectuate such cure. In the event of a termination under this Section 6.1, Contractor/Service Provider shall immediately provide City any and all "Work Product" (defined in Section 7 below) prepared by Contractor/Service Provider as part of the Required Services. Such Work Product shall be City's sole and exclusive property as provided in Section 7 hereof. Contractor/Service Provider may be entitled to compensation for work satisfactorily performed prior to Contractor/Service Provider's receipt of the Default notice; provided, however, in no event shall such compensation exceed the amount that would have been payable under this Agreement for such work, and any such compensation shall be reduced by any costs incurred or projected to be incurred by City as a result of the Default.

6.2 Termination or Suspension for Convenience of City. City may suspend or terminate this Agreement, or any portion of the Required Services, at any time and for any reason, with or without cause, by giving specific written notice to Contractor/Service Provider of such termination or suspension at least fifteen (15) days prior to the effective date thereof. Upon receipt of such notice, Contractor/Service Provider shall immediately cease all work under the Agreement and promptly deliver all "Work Product" (defined in Section 7 below) to City. Such Work Product shall be City's sole and exclusive property as provided in Section 7 hereof. Contractor/Service Provider shall be entitled to receive just and equitable compensation for this Work Product in an amount equal to the amount due and payable under this Agreement for work satisfactorily performed as of the date of the termination/suspension notice plus any additional remaining Required Services requested or approved by City in advance that would maximize City's value under the Agreement.

6.3 Waiver of Claims. In the event City terminates the Agreement in accordance with the terms of this Section, Contractor/Service Provider hereby expressly waives any and all claims for damages or compensation as a result of such termination except as expressly provided in this Section 6.

6.4 Administrative Claims Requirements and Procedures. No suit or arbitration shall be brought arising out of this Agreement against City unless a claim has first been presented in writing and filed with City and acted upon by City in accordance with the procedures set forth in Chapter 1.34 of the Chula Vista Municipal Code, as same may be amended, the provisions of which, including such policies and procedures used by City in the implementation of same, are incorporated herein by this reference. Upon request by City, Contractor/Service Provider shall meet and confer in good faith with City for the purpose of resolving any dispute over the terms of this Agreement.

6.5 Governing Law/Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of California. Any action arising under or relating to this Agreement shall be brought only in San Diego County, State of California.

6.6 Service of Process. Contractor/Service Provider agrees that it is subject to personal jurisdiction in California. If Contractor/Service Provider is a foreign corporation, limited liability company, or partnership that is not registered with the California Secretary of State, Contractor/Service Provider irrevocably consents to service of process on Contractor/Service Provider by first class mail directed to the individual and address listed under “For Legal Notice,” in section 1.B. of Exhibit A to this Agreement, and that such service shall be effective five days after mailing.

7. OWNERSHIP AND USE OF WORK PRODUCT

All reports, studies, information, data, statistics, forms, designs, plans, procedures, systems and any other materials or properties produced in whole or in part under this Agreement in connection with the performance of the Required Services (collectively “Work Product”) shall be the sole and exclusive property of City. No such Work Product shall be subject to private use, copyrights or patent rights by Contractor/Service Provider in the United States or in any other country without the express, prior written consent of City. City shall have unrestricted authority to publish, disclose, distribute, and otherwise use, copyright or patent, in whole or in part, any such Work Product, without requiring any permission of Contractor/Service Provider, except as may be limited by the provisions of the Public Records Act or expressly prohibited by other applicable laws. With respect to computer files containing data generated as Work Product, Contractor/Service Provider shall make available to City, upon reasonable written request by City, the necessary functional computer software and hardware for purposes of accessing, compiling, transferring and printing computer files.

8. GENERAL PROVISIONS

8.1 Amendment. This Agreement may be amended, but only in writing signed by both Parties.

8.2 Assignment. City would not have entered into this Agreement but for Contractor/Service Provider’s unique qualifications and traits. Contractor/Service Provider shall not assign any of its rights or responsibilities under this Agreement, nor any part hereof, without City’s prior written consent, which City may grant, condition or deny in its sole discretion.

8.3 Authority. The person(s) executing this Agreement for Contractor/Service Provider warrants and represents that they have the authority to execute same on behalf of Contractor/Service Provider and to bind

Contractor/Service Provider to its obligations hereunder without any further action or direction from Contractor/Service Provider or any board, principle or officer thereof.

8.4 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which shall constitute one Agreement after each Party has signed such a counterpart.

8.5 Entire Agreement. This Agreement together with all exhibits attached hereto and other agreements expressly referred to herein, constitutes the entire Agreement between the Parties with respect to the subject matter contained herein. All exhibits referenced herein shall be attached hereto and are incorporated herein by reference. All prior or contemporaneous agreements, understandings, representations, warranties and statements, oral or written, are superseded.

8.6 Record Retention. During the course of the Agreement and for three (3) years following completion of the Required Services, Contractor/Service Provider agrees to maintain, intact and readily accessible, all data, documents, reports, records, contracts, and supporting materials relating to the performance of the Agreement, including accounting for costs and expenses charged to City, including such records in the possession of sub-contractors/sub-Contractor/Service Providers.

8.7 Further Assurances. The Parties agree to perform such further acts and to execute and deliver such additional documents and instruments as may be reasonably required in order to carry out the provisions of this Agreement and the intentions of the Parties.

8.8 Independent Contractor. Contractor/Service Provider is and shall at all times remain as to City a wholly independent contractor. Neither City nor any of its officers, employees, agents or volunteers shall have control over the conduct of Contractor/Service Provider or any of Contractor/Service Provider's officers, employees, or agents ("Contractor/Service Provider Related Individuals"), except as set forth in this Agreement. No Contractor/Service Provider Related Individuals shall be deemed employees of City, and none of them shall be entitled to any benefits to which City employees are entitled, including but not limited to, overtime, retirement benefits, worker's compensation benefits, injury leave or other leave benefits. Furthermore, City will not withhold state or federal income tax, social security tax or any other payroll tax with respect to any Contractor/Service Provider Related Individuals; instead, Contractor/Service Provider shall be solely responsible for the payment of same and shall hold the City harmless with respect to same. Contractor/Service Provider shall not at any time or in any manner represent that it or any of its Contractor/Service Provider Related Individuals are employees or agents of City. Contractor/Service Provider shall not incur or have the power to incur any debt, obligation or liability whatsoever against City, or bind City in any manner.

8.9 Notices. All notices, demands or requests provided for or permitted to be given pursuant to this Agreement must be in writing. All notices, demands and requests to be sent to any Party shall be deemed to have been properly given or served if personally served or deposited in the United States mail, addressed to such Party, postage prepaid, registered or certified, with return receipt requested, at the addresses identified in this Agreement at the places of business for each of the designated Parties as indicated in Exhibit A, or otherwise provided in writing.

8.10 Electronic Signatures. Each Party agrees that the electronic signatures, whether digital or encrypted, of the Parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic Signature means any electronic sound, symbol, or process attached to or logically associated with a record and executed and adopted by a Party with the intent to sign such record,

2. Required Services

I. TOW AND IMPOUND SERVICES

A. Response To City Calls.

A.1 If on-call during a rotation, Contractor/Service Provider shall respond to calls 24 hours a day, seven (7) days a week. For tow service requests located west of the Interstate 805, Contractor/Service Provider shall respond within twenty (20) minutes of being notified by the City. Thirty (30) minute response times are authorized for locations east of Interstate 805. "Response time" shall be measured from the time of notification to arrival at the tow site.

A.2 Contractor/Service Provider shall respond with a properly equipped tow truck of the class required to tow the vehicle and perform requested service.

A.3 Contractor/Service Provider shall advise City dispatch, at the time of notification, if Contractor/Service Provider is unable to respond or unable to meet the maximum response time.

A.4 Only Contractor/Service Provider's personnel and equipment requested shall respond to a City call (e.g. tow truck driver bringing a girlfriend, child, or pet is not allowed).

A.5 Contractor/Service Provider shall not respond to a City call assigned to another Contractor/Service Provider or re-assign a call to another Contractor/Service Provider or to another tow company. Contractor/Service Providers who do not occupy the first position of the Call List (as described in Section II.L) shall not "jump calls" unless specifically called by the vehicle owner and approved by the on-scene officer.

B. Removing Motor Vehicles. Contractor/Service Provider shall, at the request of the City, move, tow away, and impound motor vehicles under the authority of the California Vehicle Code or Chula Vista Municipal Code, declared by the City to be: illegally parked, abandoned, have been involved in a traffic collision, or constitute an obstruction of traffic due to mechanical failure or operator negligence or arrest. Such services are required 24 hours a day, seven (7) days a week during the Contractor/Service Provider's rotation period (as described in Section II.L). Tow truck operators shall perform all towing and recovery operations in the safest and most expedient manner possible.

C. Inoperable City Vehicles. The City may, from time-to-time, require the removal of inoperable City vehicles from the public right-of-way and towing to an appropriate City facility. The Contractor/Service Provider occupying the first position on the Call List (as described in Section II.L) shall provide such services to the City at the rate of \$50 per tow.

C.1 Occasionally, the City may require the response of the on-call Contractor/Service Provider to assist with the changing of flat tires, jump starts and/or unlocking vehicles (lockouts) of City vehicles. Such service shall be provided by the tow company occupying the first position on the Call List at a cost of \$35 per occurrence.

D. Abandoned Vehicle Abatement. The Contractor/Service Provider occupying the first position on the Call List (as described in Section II.L) shall, at the request of the City, remove and impound up to twenty (20) vehicles annually from private property, or from the public right-of-way, which are declared abandoned by the City. As the Contractor/Service Provider rotates to the top of the list, the Contractor/Service Provider may not waive responsibility to remove the next twenty (20) vehicles, passing the request to the next Contractor/Service Provider on the list. Such services shall be provided from 8:00 a.m. until 5:00 p.m., Monday through Friday, at the City at a rate of \$50 per tow.

E. On-Scene Duties. Upon arriving on-scene, Contractor/Service Provider's employee shall report to the Peace Officer in charge and discharge its duties in accordance with the following requirements:

E.1 Shall make every reasonable effort to comply with direction provided by the officer-in-charge.

E.2 Shall be responsible for making an accurate damage assessment for each vehicle towed and recording said damage assessment on City approved forms and signed by an authorized Contractor/Service Provider's employee.

E.3 Shall be responsible for making an accurate content inventory for each vehicle towed and recording said vehicle's inventory on City approved forms and signed by an authorized Contractor/Service Provider's employee.

E.4 Shall be responsible for removing and appropriately disposing of collision-related debris, including broken glass, from the public right-of-way to ensure public safety.

E.5 May make any emergency alterations reasonably required to safely move and/or tow vehicles.

F. Vehicle Impounds. Subsequent to removing a vehicle from the public right-of-way or private property, Contractor/Service Provider shall securely impound that vehicle.

G. Collection of Negligent Vehicle Impound Fees. Negligent Vehicle Impound Fees (NVIF) may be paid in person to the Chula Vista Police Department or online on the police department's website. Proof of NVIF payment must be provided to the tow company prior to release of any vehicle.

H. Vehicle Release Services/Requirements. Contractor/Service Provider shall provide vehicle release services 24 hours a day, seven (7) days a week. Any vehicle releases outside of the normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, is subject to the after-hours release fee as outlined in the City-Initiated Tow and Storage Rate schedule. Vehicles subject to NVIF must not be released unless the vehicle's owner/agent is in possession of a paid receipt for NVIF from the Chula Vista Police Department. Release of any NVIF vehicles without the receipt will be billed to Contractor/Service Provider at the then current NVIF rate contained in the City's Master Fee Schedule (currently \$175).

I. Tow Rates

I.1 The rate for towing should be computed based on the time of travel from portal to portal when a vehicle is towed to the Contractor/Service Provider's storage yard. Portal to portal is defined as follows: Time shall start from either the point of dispatch or upon departure from the place of business, whichever is closer to the location of the call, and shall end at the estimated time of return to Contractor/Service Provider's storage yard or completion of the call, if another call is pending, whichever is shorter.

I.2 The time expended, for towing a vehicle back to the Contractor/Service Provider's storage yard as provided in Subsection I.1, shall be charged at a rate not to exceed the labor rate indicated in the City-Initiated Tow and Storage Rate schedule. The rates for Basic Tow, Medium Tow & Heavy Tow include one hour of labor. If any city-initiated tows shall exceed one hour of service time portal to portal, then the time expended in excess of that hour shall be calculated at no more than one-minute increments at the hourly rate. A clear, itemized and detailed explanation of any additional service that caused the time to exceed one hour shall be documented on the invoice pursuant to Section 22651.07 (e)(7) of the California Vehicle Code.

I.3 There shall be no additional charges for mileage or a dolly charge.

I.4 Contractor/Service Provider may charge a fee for vehicle releases outside of their normal business hours (e.g. after 5:00 pm and holidays) as indicated in the City-Initiated Tow and Storage Rate schedule.

I.5 Contractor/Service Provider shall base charges for the class of vehicle being towed or serviced regardless of the class of tow truck used.

I.6 No additional transportation charges, mileage, or other reimbursable expenses are allowed for services provided pursuant to this Agreement.

I.7 The City's tow and impound requirements are indeterminate. Quantities may vary depending on need. Contractor/Service Provider agrees to waive any variations in tow and impound requirements and to hold prices, terms and conditions firm for the duration of the Agreement.

J. Storage Fees. A vehicle stored/impounded 24 hours or less shall be charged no more than one day storage. If a vehicle is released from storage after 24 hours has elapsed, charges may be allowed on a full, calendar-day basis for each day of storage, or part thereof. The storage rate shall be determined by the class of vehicle that was towed.

K. Access to Stored Vehicles. During regular business hours, Contractor/Service Provider must, except as provided in Subsection L below, make vehicles stored at the request of the City available to that registered owner, a person who can be verified to be the registered owner's agent, insurance agents, insurance adjusters, or representatives of automotive repair businesses for the purpose of estimating or appraising damages.

L. Evidentiary Vehicle Security. Vehicles impounded by the City for investigative purposes shall be held in maximally secured, non-public areas of the Contractor/Service Provider's property until the vehicle is released by the City. Any property or other contents of such vehicles shall not be removed by any person other than a Peace Officer or Evidence Technician employed by the City. Property removed from such vehicles shall be recorded as removed on the content inventory and the content inventory dated and signed by a representative of Contractor/Service Provider and the Peace Officer or Evidence Technician removing such property. Evidentiary or investigative tows requested by the City shall be charged at a rate of \$50 per tow and a maximum storage rate of \$10 per day.

L.1 Contractor/Service Providers who store evidentiary vehicles shall furnish a report to the City each month detailing which cars are being held for evidence and the length of time the car has been held. Failure to provide a detailed report shall relieve the City from the responsibility to pay storage fees for these vehicles.

II. GENERAL TERMS & CONDITIONS

A. Individual Rights. Contractor/Service Provider shall not infringe the right of any individual involved in a non-criminal traffic collision to call the tow company of his/her own choosing, except in those cases where an unnecessary delay in removing the motor vehicle will, in the opinion of the investigating Peace Officer, diminish public safety. However, City may initiate the tow with the on-call Contractor/Service Provider notwithstanding the contrary desires of an individual.

B. Courteous Customer Relations. Contractor/Service Provider shall courteously provide any information required by a claimant to effect the release of the impounded vehicle including: confirming that a particular vehicle is in the Contractor/Service Provider's possession, directions to the location of the vehicle, the method of securing its release, documentation required, applicable charges and fees required to be paid, and terms of payment.

J. Documents Required Prior to Release. Contractor/Service Provider shall not release any vehicle impounded as the result of a Police-initiated tow unless the claimant presents a valid, City-issued Police Release.

At midnight of the prescribed "first-up" transition dates, the Contractor/Service Provider in the first position on the Call List will rotate downward to the last position, and the Contractor/Service Provider in the second position will rotate upward to the first position.

L.2 If, except as a result of natural disaster or other causes beyond the reasonable control of the Contractor/Service Provider, the Contractor/Service Provider occupying the first position on the Call List cannot perform services required by the City, the City will Contract/Service Providers, in descending order of the Call List, until a Contractor/Service Provider who can perform the towing service is identified.

L.3 Except in extraordinary circumstances, an Interim Call List rotation will be effected by City by contacting the Contractor/Service Provider in the second position, if the Contractor/Service Provider occupying the first position on the Call List fails to respond to three (3) consecutive requests for service from City. Interim Call List rotations will remain in effect until the non-responding Contractor/Service Provider's turn in the rotation has been completed. At that time, the Interim Call List shall revert to the regular Call List.

L.4 In order to preserve the integrity of the Call List rotation schedule, a Contractor/Service Provider rotating into the first position as the result of an Interim Call List rotation shall, in addition to retaining the first position for the remainder of the non-responding Contractor/Service Provider's turn, maintain the first position for its regularly scheduled turn.
