The City administers and maintains 36 Open Space Districts and associated zones that have been established over the last 40 years. The OSDs provide a financing mechanism to maintain the public open space areas associated with each particular development, ensuring the continued maintenance, operations, servicing, and administration of various improvements located within the public right-of- way and dedicated easements; all within the boundaries of each OSD.

This report has been prepared to support the annual assessment of the OSDs within the City's boundaries. The following information is presented to provide general information about the OSDs. Additional details specific to each OSD are listed in each OSD's dedicated section of this Engineer's Report.

Proposition 218

In November 1996, California voters approved Proposition 218. The provisions of the Proposition are now contained in the California Constitution Articles XIIIC and XIIID. All assessments described in the report and approved by the City Council are prepared in accordance with the 1972 Act, the City's Municipal Code, and are in compliance with the provision of the California Constitution Article XIIID.

Pursuant to California Constitution Article XIIID Section 5, certain existing assessments are exempt from the substantive and procedural requirements of the Article XIIID Section 4 and the property owner balloting for the assessments is not required until such time that the assessments are increased or assessment methods changed.

Therefore, any pre-existing assessment amount (and any assessment identified in the Report) for those districts is subsequently exempt from the procedural requirements of Article XIIID Section 4. However, any future assessment increases in excess of that will be subject to the new requirements identified in California Constitution Article XIIID.

Plans and Specifications

The boundaries for each OSD can be located in Appendix A. The specific plans and specifications related to the continued maintenance, operations, servicing, and administration of the various improvements, is detailed in each OSD's dedicated section of this report.

Cost Summaries

The summary of the costs for each OSD can be located in Appendix C of this report. The summary includes the Fiscal Year 2022-23 Budget, the projected number of units for each OSD, and the Fiscal Year 2022-23 Collectible per unit for each OSD.

Annual Inflation Factor

Pursuant to the City's Municipal Code, annually the maximum assessment amount is subject to an inflation factor. The maximum assessment shall be the prior year's assessment increased or decreased by the inflation factor. The City's Municipal Code defines the inflation factor as the lesser of (1) the January to January San Diego Metropolitan Area All Urban Consumer Price Index (CPI) or (2) the change in the estimated California Fourth Quarter Per Capita Personal Income as contained in the Governor's budget published in January.

The maximum assessments for Fiscal Year 2022-23 are proposed at the Fiscal Year 2021-22 amounts adjusted by the inflation factor defined in the City's Municipal Code. The inflation factor for the Fiscal Year 2022-23 equals 0.79%, which is the change in the estimated California Fourth Quarter Per Capita Personal Income.

Method of Apportionment

Statutory Considerations

Pursuant to the Acts and Article XIIID, all parcels that receive a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The Acts permit the establishment of assessment districts by local agencies for the purpose of providing certain public improvements which include the operation, maintenance and servicing of landscaping improvements.

The Acts and more specifically, the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22574).

Article XIIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIIID also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Examples of parcels exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts and public parkways.

Special Benefit

Pursuant to Proposition 218, or more specifically Section 2(i) of Article XIIID "Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit."

All parcels that have special benefit conferred upon them as a result of the improvements and services provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

The basis of assessment and method or apportionment for each OSD is provided within each OSD's section of this Engineer's Report.

Fiscal Year 2022-23 Assessment

Pursuant to the Assessment Law, all parcels within the boundaries of the district that have special benefit conferred upon them as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel has been determined in relationship to the entire cost of the maintenance and operation of improvements. Only parcels that receive direct and special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To apportion the total estimated costs of the district during any fiscal year, each of the parcels within the boundaries of the district are assigned Equivalent Dwelling Units (EDU) based upon the number of dwelling units present on each parcel.

The annual Collectible per EDU within the district is calculated by dividing the total annual costs by the total number of existing EDU within the district to determine the annual Collectible per EDU.

Under no circumstances, can the annual Collectible per EDU exceed the maximum assessment per EDU unless the district has successfully undertaken the appropriate Proposition 218 proceedings. The Total EDUs within OSD No. 1 is 655.20.

Fiscal Year 2022-23 Assessment

Pursuant to the Assessment Law, all parcels within the boundaries of the district that have special benefit conferred upon them as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel has been determined in relationship to the entire cost of the maintenance and operation of improvements. Only parcels that receive direct and special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To apportion the total estimated costs of the district during any fiscal year, each of the parcels within the boundaries of the district are assigned Equivalent Dwelling Units (EDU) based upon the estimated traffic generated by the parcel. A standard established within San Diego County is the average daily traffic (ADT) published by the San Diego Association of Governments (SANDAG). An ADT factor has been assigned to each land use type and these factors are used to estimate the traffic generated by each parcel.

OSD No. 23 only contains industrial parcels which have the same SANDAG generation factor (200 trips per acre of land). Therefore, the total ADT for each parcel will be directly proportional to the gross area of the parcel. For purposes of distributing the assessment, each gross acre of land is equivalent to one EDU.

The annual Collectible per EDU within the district is calculated by dividing the total annual costs by the total number of existing EDU within the district to determine the annual Collectible per EDU. Under no circumstances, can the annual Collectible per EDU exceed the maximum assessment per EDU unless the district has successfully undertaken the appropriate Proposition 218 proceedings. The Total EDUs within OSD No. 23 is 114.98.

Fiscal Year 2022-23 Assessment

Pursuant to the Assessment Law, all parcels within the boundaries of the district that have special benefit conferred upon them as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel has been determined in relationship to the entire cost of the maintenance and operation of improvements. Only parcels that receive direct and special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

The Fiscal Year 2022-23 assessment for each Zone and the associated assessment methodology is detailed as follows:

Zone A

To apportion the total estimated costs of ELMD No. 1, Zone A during any fiscal year, each of the parcels within the boundaries of Zone A are assigned Benefit Units (BU) based upon land use type and density.

Land Use	Unit of Measure	Benefit Units
Low Density - Residential	Dwelling Unit	1.25
Medium Density - Residential	Dwelling Unit	1.00
Employment Park	Acre	25.00
Commercial	Acre	62.50

The annual Collectible per BU within the district is calculated by dividing the total annual costs by the total number of existing BU within the district to determine the annual Collectible per BU. Under no circumstances, can the annual Collectible per BU exceed the maximum assessment per BU unless the district has successfully undertaken the appropriate Proposition 218 proceedings. The Total BU's within ELMD No. 1, Zone A is 8,698.96.

The Fiscal Year 2022-23 assessment is spread as follows:

Total Fiscal Year 2022-23 Budget	$139,869.99
EDU	8,698.96
Fiscal Year 2022-23 Collectible per EDU	$16.08

The maximum allowable Assessment rate for Fiscal Year 2022-23 is $16.08 per BU.

Zone D

To apportion the total estimated costs of ELMD No. 1, Zone D during any fiscal year, each of the parcels within the boundaries of Zone D are assigned Equivalent Dwelling Units (EDU) based upon the estimated traffic generated by the parcel. A standard established within San Diego County is the average daily traffic (ADT) published by the San Diego Association of Governments (SANDAG). An ADT factor has been assigned to each land use type and these factors are used to estimate the traffic generated by each parcel.

Zone D only contains residential parcels which have different SANDAG generation factors for each residential land use type. Therefore, the total ADT for each parcel will be directly proportional to the special benefit received by each parcel. To apportion the total estimated costs of Zone D during any fiscal year, each of the parcels within the boundaries of Zone D are assigned (EDUs) based upon land use type and ADT.

Pursuant to the Assessment Law, all parcels within the boundaries of the district that have special benefit conferred upon them as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel has been determined in relationship to the entire cost of the maintenance and operation of improvements. Only parcels that receive direct and special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To apportion the total estimated costs of the district during any fiscal year, each of the parcels within the boundaries of the district are apportioned their special benefit received based upon the parcel size of each parcel in square feet.

The annual Collectible per square foot within the district is calculated by dividing the total annual costs by the total number of existing square feet within the district to determine the annual Collectible per square foot. Under no circumstances, can the annual Collectible per square foot exceed the maximum assessment per square foot unless the district has successfully undertaken the appropriate Proposition 218 proceedings.

The Fiscal Year 2022-23 assessment is spread as follows:

Total Fiscal Year 2022-23 Budget	$0.00
EDU	0.00
Fiscal Year 2022-23 Collectible per EDU	$0.00

The maximum allowable Assessment rate for Fiscal Year 2022-23 is $0.13371 per square foot.

A downtown Property and Business Improvement District (PBID) replaced Town Centre Maintenance District (LMD) in 2001. At that time, it was anticipated that the Town Centre LMD would be dissolved. However, the City determined that there was some potential long-term exposure for the City based on the remote possibility that the current PBID might not receive sufficient support for re-approval in the future. Should the PBID not be re-approved at some future date, and if the Town Centre Maintenance District were dissolved, there would no longer be a funding mechanism for downtown landscape maintenance.

Based on this possibility, the Town Centre Maintenance District is kept open as a "ghost" district. This means that the City will set the maximum assessment amount for the district on an annual basis, even though property owners will not be billed on the tax roll. Should the PBID not be re-approved, the Town Centre Maintenance District remains in place and would provide the necessary funding for downtown landscape maintenance.

The current PBID was renewed with the adoption of Council Resolution No. 2016-122, for a period of ten (10) years. Therefore, the Town Centre Maintenance District remains as a "ghost" district.
