Subject: [SUSPECTED SPAM] Proposed Flavor Tobacco ban

**Warning:
External
Email**

I ask that the City Council Not to vote on banning Flavored Tobacco .
I ask that the City Council allow the voters to speak on the ballot measure on Nov 08

I have two close personal people to myself that have switched from smoking cigarettes to vaping flavored tobacco devices and I consider this a move in the right health direction for both people.

Thank you for your consideration

Jason

Resident of 40 years plus in Chula Vista.

I'm a 61 year old man who used to smoke cigarettes. My health was bad but since vaping my lungs and health have cleared up. Please reconsider the ban and research how bad it would be to ban flavored tobacco
