

CITY OF CHULA VISTA

ANNUAL ACTION PLAN FY 2022-2023

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Each year, the City of Chula Vista participates (as an entitlement jurisdiction) in the Community Development Block Grant Program (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant Program (ESG). These programs are administered by the US Department of Housing and Urban Development (HUD) and provide funding for a variety of different community development, housing, and public service activities. Regulations governing the CDBG program require that each activity undertaken with CDBG funds meet one of the following three broad national objectives: 1) Benefit people with low- and moderate-incomes; 2) Aid in the prevention or elimination of slums and blight; 3) Meet an urgent need (such as earthquake, flood, or hurricane relief).

According to HUD's Consolidated Plan Final Rule, the overall goal of community planning and development programs is to develop viable urban communities by providing decent housing (DH), a suitable living environment (SL), and expanding economic opportunities (EO) principally for low- and moderate-income persons. In addition to meeting one of the General Objective Categories above, HUD requires that project activities funded with entitlement funds also meet one of the following General Outcome Categories: Availability/Accessibility (1), Affordability (2), or Sustainability (3). Each activity funded will thus have a combination of the Objective and Outcome Category listed in the description (i.e. DH-2 would be Decent Housing that is Affordable), which allows for measuring accomplishments for each of the Consolidated Plan's five years.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

During development of the FY 2020-2024 Consolidated Plan, which forms the basis for establishing objectives and outcomes in the Strategic Plan and five subsequent Annual Action Plans required by HUD, the following Priority Needs, Program Activities, and related Objectives/Outcomes were established:

Priority 1: Affordable Housing (DH-2) [High Need]- Promote, preserve, and assist in the development of affordable housing for low- and moderate- income residents, special needs groups, those at-risk of homelessness, and disproportionately impacted residents. **The quantifiable five- year goal is to assist 500 households (100 households annually).**

Priority 2: Infrastructure and Facilities (SL-1) [High Need]- Improve and expand infrastructure and facilities that benefit primarily residential low- and moderate-income neighborhoods. **The quantifiable five- year goal is to improve 10 public facilities/infrastructure projects to benefit 5,000 low- and moderate-income residents in the eligible areas (2 projects/1,000 annually).**

Priority 3: Public Services (SL-1) [High Need]- Provide and improve access to public services for low- and moderate-income persons and those with special needs. Public Services will be funded based on applications received for a variety of services, including, but not limited to: Senior Services, Disabled Services, Youth Services, General Public Services, Homeless Facilities/ Supportive Services, Victims of Domestic Violence Services, Abused and Neglected Children, Foster Youth, Illiterate Adults, and other special needs. **The quantifiable five- year goal is to serve 5,000 people (1,000 people annually).**

Priority 4: Economic Development (EO-1) [High Need]- Provide for the economic development needs of low- and moderate-income persons and neighborhood target areas. **The quantifiable five- year goal is to assist 5 businesses (1 business annually) and create/retain 50 jobs (10 annually).**

Priority 5: Administration and Planning (SL-1) [High Need]- Provide for administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan in accordance with HUD regulations and provide Fair Housing services for all residents. **The quantifiable five- year goal is to assist 600 households (120 households annually).**

Priority 6: Address Homelessness (SL-1) [High Need]- Provide for programs to address the needs of the homeless population. **The quantifiable five- year goal is to assist 600 households (120 households annually).**

Priority 7: Address the COVID 19 Coronavirus Pandemic (SL-1) [High Need]- Provide for programs needed to carry out actions that address identified needs pertaining to the COVID 19 Coronavirus Pandemic. **The quantifiable five- year goal is to assist 1,600 households (320 households annually).**

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City's CDBG funded programs implemented over the last year have aided in solving neighborhood and community problems by provided a funding source for underserved needs. Specifically, the Capital Improvement Projects have given low-income neighborhoods an improved infrastructure system; public services have helped the City's elderly, youth, homeless, at-risk, victims of domestic violence, and other special needs groups; residents have benefitted from Fair Housing and Tenant/Landlord Counseling Services; residents have been provided affordable housing through construction of new housing units and down payment assistance; the housing stock has been sustained through rehabilitation of housing units/lead-based paint testing and abatement, and code enforcement; and emergency shelter and

supportive services have been provided to homeless persons/families and/or those at risk of becoming homeless.

All of these projects and experiences have helped guide the City in choosing the goals and projects for the new Consolidated Plan Cycle. The City will continue the priorities and projects from the previous Consolidated Plan, as there are still unmet needs due to the limited amount of grant funds received each year. It is anticipated that funding received in the next five years will not be sufficient to complete the remaining infrastructure projects needed within the low- and moderate-income areas identified in the City's Capital Improvement Plan (CIP). Moreover, affordable housing, public services, fair housing and administration are still High priority needs in the community and will therefore receive continued funding. As economic development has somewhat more restrictive regulations attached to it, it will be included in the Consolidated Plan as a High priority need, but it may not be funded with CDBG funds during this cycle. Instead, the City will seek to fund economic development using leveraged resources and will consider CDBG funding should funds become available.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

In accordance with the City's adopted Citizen Participation Plan, the City facilitated citizen participation through surveys, community meetings and public hearings. Efforts in FY 2022-2023 were made to encourage participation by low- and moderate-income persons, particularly those living in slum and blighted areas and in areas where HUD funds are proposed to be used, and by residents of predominantly low- and moderate-income neighborhoods. The City also made efforts to encourage the participation of minorities and non-English speaking persons, as well as persons with disabilities.

Further description of the consultation and citizen participation efforts can be found in the Appendix.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No comments were received on the FY 2022-2023 Annual Action Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

To date, there were no comments received, but not accepted.

7. Summary

During FY 2022-2023, the City of Chula Vista Will receive funds from HUD, which will be used as discussed in AP 35.

Narrative (optional)

As shown in Table 1, the City of Chula Vista has established the Development Services Department- Housing Division (DSD-Housing) as the primary entity responsible for administering the City’s HUD federal grant programs (CDBG, HOME, ESG). DSD-Housing coordinates the planning process, works closely with agencies and nonprofit organizations on both planning and implementation, manages the CDBG, HOME and ESG programs and resources to assure that HUD requirements are met, evaluates project progress and reports on performance to the City Council and HUD. A wide range of local housing and services providers partner with the City to carry out activities identified in the Annual Action Plan and the Public Housing and Section 8 Housing Choice Voucher Program Contact is below:

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Chula Vista consulted with key City departments in the development of the FY 2022-2023 One-Year Action Plan including: Building; Planning; Code Enforcement; Community Services; and Public Works. Information was also collected from other public and quasi-public agencies, during the Consolidated Plan Process which included the Housing Authority and several local Public Service Agencies. Copies of the draft One-Year Action Plan were available during the 30-day public review of the One-Year Action Plan.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In preparing the FY 2022-2023 One-Year Action Plan, the City incorporated the information contained in the Consolidated Plan needs assessment. This included a wide range of service providers who were contacted to compile information on community needs. Agencies representing persons with HIV/AIDS, homeless persons, low-income youth, persons with disabilities, elderly persons, and persons with alcohol/substance abuse problems were contacted. Specifically, consultation efforts included contacting the following agencies:

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

A Continuum of Care (CoC) is an integrated system of care that guides and tracks homeless individuals and families through a comprehensive array of housing and services designed to prevent and end homelessness. A CoC must have community plan to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximize self-sufficiency. That plan should include action steps to end homelessness and prevent a return to homelessness. HUD identifies four necessary parts of a continuum:

1. Outreach, intake, and assessment
2. Emergency shelter
3. Transitional housing with supportive services
4. Permanent & permanent supportive housing with services if needed

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate

outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

As stated above, the City coordinates with the San Diego Regional Continuum of Care Council and other public and private organizations within the Continuum of Care that serve Chula Vista. Staff from various departments will continue to work together with the COC to develop performance standards that provide a measure to evaluate each ESG subrecipients effectiveness, such as how well the service provider succeeded at 1) targeting those who need the assistance most; 2) reducing the number of people living on the streets or emergency shelters; 3) shortening the time people spend homeless; and 4) reducing each program participant housing barriers or housing stability risks. These performance standards will be incorporated into the City Subrecipient Agreements, and to the extent possible, will be tracked and measured in HMIS.

Identify any Agency Types not consulted and provide rationale for not consulting

During the preparation of this FY 2022-2023 Annual Action Plan, the City consulted with all agencies that could provide valuable input to the development of the Plan. The City further coordinated with each agency that applied for CDBG/HOME/ESG funds in an effort to determine need and develop annual goals and objectives relative to both of these City planning documents. Time and financial resources limit the ability to consult with all possible agencies serving residents, though a focused effort is made each year to expand on these efforts.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation is one of the most important components of the Consolidated Plan process. The City of Chula Vista initiated the following process for the FY 2022-2023 Annual Action Plan:

- The City held a public meeting for the Housing Advisory Commission regarding the Consolidated Plan Needs Assessment on January 31, 2022.
- On February 4, 2022, the City published a Notice of Funding Availability (NoFA) for the FY 2022-2023 CDBG program in the Newspaper. This notice was also posted on the City website and emailed to local and regional public-service providers; including providers that received CDBG funding during the current fiscal year.
- Notice of Funding Availability was also posted on the city's social media pages. The City of Chula Vista utilized a web-based application for the FY 2022-2023 funding cycle through SMapply
- February 7, 2022 the City held an Application Virtual Technical Workshop via Zoom
- February 15, 2022 City Council held a Public Hearing to review funding recommendations
- March 7 - March 11, 2022 was the NOFA Application Review Period
- April 1, 2022 the City published a notice regarding the Action Plan 30-Day Public Review Period and April 12th public Hearing
- April 8- May 8, 2022 was the first Draft FY 2022-2023 Annual Action Plan 30-Day Public Review Period
- April 12, 2022 City Council held a Public Hearing to review funding recommendations
- June 3, 2022 the City published a notice regarding the second Action Plan 30-Day Public Review Period
- June 3- July 4, 2022 second Annual Action 30-day public review period

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Chula Vista is a CDBG, HOME, and ESG Entitlement jurisdiction and anticipates receiving \$2,297,295 in CDBG funds, \$909,552 in HOME funds, and \$199,926 in ESG funds from the US Department of Housing and Urban Development (HUD) during FY 2022-23. The City anticipates receiving similar amounts of HUD funds annually during the five- year period beginning July 1, 2021 and ending June 30, 2025, resulting in approximately \$12,000,000 of CDBG funds, \$5,000,000 of HOME funds, and \$1,000,000 of ESG funds during the Consolidated Planning period. Program income is generated from loan payoffs and is difficult to estimate; however, based on historical amounts received each year, the City anticipates approximately \$100,000 annually for a total of approximately \$500,000 of additional resources during the Consolidated Plan period. For FY 2022-23, the city will also continue to administer the one-time allocations of CARES Act funding to address the COVID 19 Coronavirus Pandemic in the amount of \$3,483,637 of CDBG-CV (rounds 1 and 3) and \$4,953,937 of ESG-CV (rounds 1 and 2). Program income received from the repayment of rehabilitation loans (CDBG and HOME), First-Time Homebuyer loans, and residual receipt payments will be automatically re-programmed for loan activities in those same or similar programs from which the funds were originally provided to the greatest extent possible. If additional program income funds are received that are not automatically reprogrammed, specific projects will be identified during the mid-year re-allocation process or Annual Action Plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Chula Vista has successfully leveraged funds from federal, state, local and private resources to complete several Capital Improvement Projects (CIP) and affordable housing developments in the City’s low- income communities. The most recent CIP project with leveraged funds is the Third Avenue Streetscape Project. The most recent affordable housing development with leveraged funds, Lofts on Landis, completed in January 2016. This development used LIHTC, private financing to construct 33 affordable units. In addition, the leveraged funding from private and non-federal public sources are as follows:

Federal Resources: Continuum of Care (CoC) Program, HUD Veterans Affairs supportive Housing (HUD-VASH), Supportive Housing for the Elderly (Section 202), Supportive Housing for Persons with Disabilities (Section 811), Housing Opportunities for Persons with AIDS (HOPWA), Youthbuild, Federal Low-Income Housing Tax Credit Program

State Resources: State Low-Income Housing Tax Credit Program, Building Equity and Growth in Neighborhoods Program (BEGIN), CalHome Program, Multifamily Housing Program (MHP), Housing Related Parks Grant, CalHFA Single and Multi-Family Program, Mental Health Service Act (MHSA) Funding

Local Resources: Housing Authority of the County of San Diego, Southern California Home Financing Authority (SCHFA) Funding

Private Resources: Federal Home Loan Bank Affordable Housing Program (AHP), Community Reinvestment Act Programs, United Way Funding, Private Contributions

Matching Requirements

HOME: HUD requires HOME recipients to match 25 percent of their HOME annual allocation. In accordance with 24 CFR 92.222.

ESG: The City must ensure that ESG funds are matched "dollar for dollar" in accordance with HUD regulations. Matching contributions may be obtained from any source, including Federal source other than ESG program, as well as state, local, and private sources. Additionally, under the ESG program, the recipient may require its subrecipients to make matching contributions consistent with this section to help meet the recipient's matching requirement.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

There is relatively little availability of publicly owned land or property located within the jurisdiction that can be used to address the needs identified in the plan.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved

needs

For FY 2022-2023, CDBG funds have been allocated to projects that contribute to achieving the priority needs and goals established by the 5-Year Strategic Plan. The projects are consistent with the citizen input received during the development of the Consolidated Plan.

One of the greatest challenges in meeting the underserved needs of low- and moderate-income persons is having limited financial resources. The City will continue to use CDBG funding to support public service agencies that address the special needs of the underserved, including the elderly and frail elderly and persons belonging to protected classes that have been the victims of housing discrimination.

The City also proactively seeks additional resources to better meet the underserved needs.

The City has a detailed list of approved Capital Improvement Projects that demonstrate a general public need but, due to the loss of redevelopment, funding is scarce. Federal funds are used to serve the target community, meet the established goals for these funds, and to serve the greatest number of members of the community. The City will use its existing HOME Investment Partnership funds to provide First Time Homebuyer assistance, Acquisition and Rehabilitation of existing housing stock for affordable housing, preservation of affordable housing, and new construction of affordable housing.

For public services, the City utilizes CDBG funds. CDBG regulations, limit the amount the City can spend on public services and is capped at 15% of the City's annual entitlement . The City provides funding to non-profit organizations that demonstrate an ability to provide needed services that directly benefit the residents of the Chula Vista. The use of the City of Chula Vista CDBG funds for public services enables non-profit organization and City Departments to leverage these funds with other funding sources for projects and activities that serve the greatest number of residents with the limited amount of funding.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Assistance will be primarily directed to low- and moderate-income persons or households citywide, though all public facility and infrastructure improvement project funds will be directed to the low- and moderate-income residential neighborhoods of the City.

Geographic Distribution

Target Area	Percentage of Funds
City-Wide	35
CDBG Low/Mod Area Census Tracts	65

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Geographic distribution of funding is based on the nature of the activity to be funded. The City intends to fund activities in areas most directly impacted by the needs of low- and moderate-income residents and those with other special needs. Approximately 15 percent of the City's CDBG allocation will be provided for public service activities, which are provided to low- and moderate-income residents throughout the community. An additional 20 percent will be allocated to Administration and Planning and CSA. The remaining 65 percent, and any unexpended funds from the prior year will be designated for Public Facilities and Infrastructure Projects administered by the Public Works Department which take place in the primarily residential low- and moderate-income areas. As previously stated, the assignment of priority levels is primarily a result of input from public and private agencies responding to the City's Housing and Community Development Needs Survey, consultation interviews, and statistical data compiled from the Needs Assessment. Only eligible activities that received a High priority level in the Consolidated Plan, will be funded during the next five years.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

As stated, there are limited opportunities and funding available to provide affordable housing opportunities. The City will attempt to seek new partnerships in the upcoming year. During FY 2022-2023, the City will address affordable housing needs as follows:

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	120
Special-Needs	60
Total	180

Table 9 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	60
The Production of New Units	100
Rehab of Existing Units	10
Acquisition of Existing Units	10
Total	180

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The Strategic Plan identifies a high priority need to expand the supply of affordable housing and a high priority need to preserve the supply of affordable housing. During the 2022-2023 program year, the City will invest CDBG, HOME, and ESG funds in the preservation of affordable housing units.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Chula Vista does not operate a public housing agency. The Housing Authority of the County of San Diego (HACSD) serves as the City's public housing agency for the four Public Housing projects located in the City of Chula Vista.

Actions planned during the next year to address the needs to public housing

The City of Chula Vista consults with the Housing Authority of the County of San Diego concerning consideration of the local public housing agency (PHA) needs and planned program activities. The Housing Authority of the County of San Diego (HACSD) operates four conventional public housing developments in Chula Vista, with a total of 121 units. They are all managed by Terrantino Property Management and were recently upgraded to meet ADA and Section 504 compliance. These public housing units include:

1. Dorothy Street Manor- 22 low- income family units
2. Melrose Manor- 24 low- income family units
3. Town Centre Manor- 59 low- income senior/disabled units
4. L Street Manor- 16 low- income family units

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City encourages public housing residents to participate in policy, procedure and program implementation and development through its Housing Advisory Committee (HAC). The HAC is an appointed Board representing Chula Vista residents including public housing and elderly residents. The HAC serves as an organized spokesperson to participate and provide feedback on housing issues and housing development projects. Public housing residents are encouraged to participate in homeownership programs.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A- The PHA is not designated as troubled.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

As noted, one of the Con Plan goals calls for "assisting individuals and families to stabilize in permanent housing after experiencing a housing crisis or homelessness, by providing client-appropriate housing and support services." Actions undertaken to achieve this goal include the allocation of ESG and CDBG funds totaling to assist homeless households via the Interfaith Rotational Shelter, Casa Nueva Vida Transitional Shelter, the Hotel/Motel Voucher Program, the Tenant-based Rental Assistance Program and the new Homeless Bridge Shelter.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In addition to the 1-year goals specified in the AP-20 Homelessness Goal, the City continues to participate as a member in the RTFH and its Coordinated Entry System which has become an umbrella for local efforts. The RTFH built a regional system for coordinated assessment. The RTFH received guidance from HUD Technical Assistance and established the Coordinated Entry System (CES), a region-wide system to assess and place homeless individuals and families in housing, which ensures compliance with the HEARTH Act. CES uses a coordinated assessment tool to determine a homeless person's level and type of need and match the person to an appropriate housing resource.

The city partners with the Alpha Project to work alongside our Homeless Outreach Team. The team is equipped with a PERT clinician, a social worker from the Health and Human Services Agency and other social service organizations to conduct routine outreach efforts throughout the city, particularly along encampments.

Addressing the emergency shelter and transitional housing needs of homeless persons

City is committed to increasing resources to help homeless persons. While many efforts are focused on the USICH Housing First Model, helping homeless individuals and families quickly and easily access and sustain permanent housing, emergency and transitional housing programs are also receiving benefit from these resources too.

The new Bridge Shelters will serve approximately 60 persons daily in providing for not only a safe, and stable shelter environment, but direct connection to housing navigation staff at each shelter, whose main focus is to rapidly rehouse shelter residents into permanent housing or other long-term housing options, depending on their vulnerability assessment, and CES housing resource match opportunities. Shelter residents work with Housing Navigators in a stable environment, while also having access to a multitude

of resources, for assistance with documentation, meeting medical and mental health needs, benefit eligibility, etc.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

the City subcontracts with local providers to assist families and individuals in short-term housing programs to move to permanent housing via the Rapid Re-Housing intervention. The goals of the program are to help clients to move quickly from homelessness to stably housed. This program provides households with security and utility deposits, and short or medium-term rental assistance. Clients receive case management targeted to housing stability.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Aside from the City's Tenant Based Rental Assistance Program, the city utilizes Project One for All (POFA) which is a county initiative that provides full wrap-around services for homeless persons with serious mental illness, including individuals who are exiting from mental health facilities. The County of San Diego partners with Housing Authorities, non-profits, health clinics, and housing developers to provide stability to homeless persons with mental illness.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Public policies directly and indirectly impact affordable housing development and residential investment; both positively and negatively. Providing for a range of housing types and prices allows residents of all ages and incomes the opportunity to find adequate housing that meets their needs and ability to pay; however, there are often barriers that prevent residents finding decent affordable housing. Barriers to the development of affordable housing occur at all three levels of government, as well as in the private market and within the community. Local government cannot control many factors that tend to restrict housing supply especially those that relate to regional, national, and international economy. However, they do have control over several policies, which are examined in the City's Housing Element.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Chula Vista works to remove barriers to affordable housing while still protecting the health and safety of its residents by taking actions to reduce costs or providing off-setting financing incentives to assist in the production of safe, high quality, affordable housing. To mitigate the impacts of these barriers the City may:

- Apply for State and federal funding to gap finance affordable housing production and rehabilitation of existing affordable housing stock.
- Continue to streamline the environmental review process for housing developments, using available state categorical exemptions and federal categorical exclusions, when applicable. Provide training
- opportunities in the area of CEQA and NEPA as needed so staff gains expertise in the preparation of environmental review documents.
- Continue to improve the permit processing and planning approval processes to minimize delay in housing development in general and affordable housing development in particular.
- Continue providing rehabilitation assistance and homeownership assistance, and to assist in the construction and preservation of affordable housing.
- Encourage public participation when a proposed project is being considered for approval.
- Implement policies and strategies identified in the 2021-2029 Housing Element.

The City works to remove barriers to affordable housing by implementing a Housing Element that is consistent with California law and taking actions to reduce costs or provide off-setting incentives to assist in the production of safe, high-quality, affordable housing. The City is committed to removing governmental constraints that hinder the production of housing, as evidenced by the numerous

affordable housing developments that have occurred over the last few years.

To address housing affordability and the lack of monetary resources for affordable housing, the City will invest HOME to promote home ownership opportunities and the preservation of existing affordable housing units over the next five years. Although the City no longer has access to Redevelopment Housing Set-Aside funds, the City will continue to leverage its HOME funds to attract private and other available public resources. New transit- oriented development strategies and the massive investments in the Streets and other areas of community development should also attract investors and developers. This strategy will increase the supply of affordable housing and preserve existing affordable housing in the City. The City will also contract with CSA to address any impediments to Fair Housing Choice.

Discussion:

See Discussion Above.

AP-85 Other Actions – 91.220(k)

Introduction:

HUD requires that cities receiving block grant funds take actions to affirmatively further fair housing choice. Fair housing choice is achieved by ensuring that persons are not denied housing opportunity because of their race, ethnic origin, religion, disability, or familial status (family with children). Cities report on the progress of affirmatively furthering fair house choice by completing an Analysis of Impediments (AI). The AI is a review of the nature and extent of impediments to fair housing choice in the San Diego County and the City of Chula Vista. The last two AIs have been produced in collaboration with the San Diego Regional Alliance for Fair Housing (SDRAFH), formerly known as the Fair Housing Resources Board (FHRB). The SDRAFH is a dedicated group of professionals who work together to ensure that all residents in San Diego County have equal access to housing. It is comprised of members of the fair housing community, local jurisdictions, enforcement agencies and housing providers. This group leverages the region's CDBG funds to produce the AI for the region. The SD RAFH completed an Analysis of Impediments to Fair Housing Choice (AI) for the period of 2010 through 2015. The City of Chula Vista is an active member of the San Diego Regional Alliance for Fair Housing and serves as the member of the Steering Committee. The City of Chula Vista affirmatively furthers fair housing by contracting for the provision of fair housing services and conducting fair housing testing to detect any fair housing violations. The services include education and outreach to residents and housing providers, assistance with submitting fair housing complaints to HUD, legal services, and tenant/landlord mediation

Actions planned to address obstacles to meeting underserved needs

The primary obstacle in meeting the underserved needs is the continued lack of available funding for community development and housing activities, including public services and other programs. Given the federal budget and drastic state budget cuts, local jurisdictions like Chula Vista and the County of San Diego, are being forced to cut social service programs. In Southern California, the continued high cost of living, housing costs for both rental and ownership, and the reduction of funds all combine to create a major obstacle in providing affordable housing that is truly affordable. The City is eager to work more closely with social service providers in order to combine efforts to ensure that the available federal-funds are being used in the most effective way possible. The Chula Vista Community Collaborate continues to hold its City quarterly social service provider meetings in Chula Vista to facilitate networking for solutions to the underserved needs.

Actions planned to foster and maintain affordable housing

The City has two programs to foster and maintain affordable housing; the Balanced Communities Policy and the affordable housing inspection program. The Balanced Communities Policy fosters the development of affordable housing in that it requires all developers of new for-sale housing units to either provide 10% of those units at affordable prices or pay a housing in-lieu fee to the City. The Developers also have the option of building affordable rental housing. The City's inspection program ensures that the

City's 2,000+ units of affordable rental housing are maintained in a clean and safe condition and that the incomes of those families living in the different sections of the City have been verified as meeting the limits required by the funding source that help build the units.

Actions planned to reduce lead-based paint hazards

The City will continue to inform residents applying for loans or grants through its First-Time Homebuyer Program and Rehabilitation program about the hazards of lead-based paint. Code Enforcement and building inspectors will continue to identify lead-based paint hazards as part of their ongoing activities, if the scope of the complaint allows them into the unit, or if it is part of an on-going investigation. CDBG, HOME, and ESG programs require compliance with all of HUD's regulations concerning lead-based paint. All housing programs operated by the City are in compliance with HUD's most recent standards regarding lead-based paint. Specifically:

- The City's First-Time Homebuyer Program, lead abatement disclosure is the responsibility of the seller, and the City will not participate in any homebuyer assistance if the seller refuses to abate known lead hazards. Each homebuyer is required to obtain an independent third-party inspection report.
- The City's Homeowner Rehabilitation Loan Program meets the federal requirements for providing lead-based paint information with each rehabilitation loan and requiring paint testing of disturbed surfaces for lead in all single-family homes constructed before 1978. If a home was found to have lead-based paint, the cost of lead-based paint removal is an eligible activity under the homeowner rehabilitation program. City building inspectors are alerted to any housing units that apply for a permit for construction or remodeling, which may contain lead-based paint and other lead hazards.
- The City of Chula Vista will work closely, if needed, with the County of San Diego's Childhood Lead Poisoning Prevention Program (CLPPP), a division of the San Diego Health and Human Services Agency. The CLPPP provides outreach and education programs and case management services for San Diego County residents, including Chula Vista residents. City's Acquisition Rehabilitation Program and Homeowner Rehabilitation Loan Program guidelines describe the level of abatement that is needed if lead hazards are present.
- Lead Based Paint Requirements Affordable Housing Developers Each Developer of Affordable rental housing must ensure that all housing constructed, redeveloped, rehabilitated, or acquired with HOME and or CDBG funds must comply with applicable provisions of Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821–4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851–4856), and implementing regulations at 24 CFR part 35, subparts A, B, J, K, M and R upon completion of the development.

Actions planned to reduce the number of poverty-level families

As previously stated, the City's antipoverty strategy of providing safe, affordable housing will assist in

reducing the number of poverty level families in Chula Vista based on the following. By providing safe, affordable housing for those on a limited income, those families will be able to live in an environment where no more than 30% of their limited income is spent on housing. In addition, Low Income Housing Tax Credit (LIHTC) funding requires affordable housing developments provide programs (e.g. after school, computer labs, budgeting and language classes) to assist residents in excelling in both school and the work environment. These affordable housing developments thus assist families in moving up the economic ladder by providing the tools that add in their success. LIHTC continues to be the most important source for leveraging the City's HOME, and CDBG funds for affordable housing development projects. The City is also researching using CDBG funds for economic development during this Consolidated Plan period and will continue to seek funding opportunities including HUD's Economic Development Partnerships.

Actions planned to develop institutional structure

The City of Chula Vista is a member of two key organizations which rely heavily on public and private coordination in the region to address the needs of the low-income community members. The Chula Vista Community Collaborative is collaboration among partners and stakeholders in Chula Vista which include; Residents and Parents; Schools and School District Staff; Social Service/Non-profit Agencies; Local Government; Faith-based Community; Health Professionals; and, Business Owners. Together, the Collaborative works to develop coordinated strategies and systems that protect the health, safety, and wellness of its residents as well as share information and resources that strengthen families and communities. Regular meetings are held with the goal of obtaining and sharing information about services, resources, employment and training opportunities, as well as any events accessible to the Chula Vista community. The meetings are a useful venue to network and efficiently coordinate activities with partnering agencies. The City of Chula Vista is also a member of the South Bay Homeless Advocacy Coalition which was formed to address the growing concern for homelessness and the lack of resources available. The goal is to educate the community on these issues and advocate for change to better serve homeless and near homeless families and individuals in our community. The Coalition is comprised of representatives from local government agencies, the school districts, social service agencies, faith-based organizations and citizens. Although the City of Chula Vista administers the CDBG, ESG, and HOME programs, the City does engage in contracts with outside agencies for the delivery of services to the public, other than the required fair housing services and funding requests received from City Departments. Non-profits apply for public service funds, capital improvement, and creation of affordable housing. The City monitors the affordable housing programs for all properties in its portfolio including those owned by private parties, under a deed restriction between the City and the respective party. The City has developed a strong relationship with both affordable and for-profit housing developers in not only the creation of affordable units but the ongoing maintenance of the developments as well.

Actions planned to enhance coordination between public and private housing and social service agencies

Non-profit social service agencies continue to play an important role in serving the needs of low-and

moderate-income residents in Chula Vista. There is a 15% cap on the amount of public service funds to be used from its CDBG Allocation. The City surveyed social service providers who serve Chula Vista during the needs assessment process and will continue to attend the Chula Vista Community Collaborative meetings to foster networking among the providers.

Discussion:

In the implementation of the FY 2022-2023 Annual Action Plan, the City will invest CDBG, HOME, ESG funds, and other resources to address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies. The City will continue to coordinate the housing strategy with local and regional transportation planning strategies to ensure to the extent practicable that residents of affordable housing have access to public transportation.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The City of Chula Vista, as an entitlement jurisdiction, receives Community Development Block Grant, Home Investment Partnership Act, and Emergency Solutions Grant from the U.S Department of Housing and Urban Development. Described below are the Program Specific Requirements for each of these programs.

In the implementation of programs and activities under the FY 2022-23 Annual Action Plan, the City will follow all HUD regulations concerning the use of program income, forms of investment, overall low- and moderate-income benefit for the CDBG program and recapture requirements for the HOME program.

Eligible applicants for CDBG and ESG assistance include subrecipients who may carry out programs to benefit program beneficiaries on behalf of the City. Applications from interested subrecipients may be solicited by the City directly or via published Notices of Funds Availability at the discretion of the City. Eligible beneficiaries for CDBG or HOME funded Housing Rehabilitation or First-Time Homebuyer Programs include households earning less than 80 percent of AMI. Eligible participants are those who have not previously owned a home for the City's First-Time Homebuyer Program and those who reside in a single-family owner-occupied housing unit for the City's Housing Rehabilitation Program. Awarded funds will be awarded on a first come first serve basis to eliminate favoritism. A client waiting list will be established in the event of limited funds for any specific program. The City's HOME programs will be advertised via flyers, notification on the City's website, cold calls, and if necessary, publication in a newspaper of general circulation. The City will also conduct program Workshops as necessary to solicit prospective applicants.

Program guidelines and applications for all programs may be obtained in person at the City's Housing Division located at City Hall or on the City's website. Prospective subrecipients, beneficiaries and developers may obtain more information on the City website.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	80.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Other forms of investment being used by the City is the match provided for HOME-funded housing activities. The City is required to provide a 25 percent match for HOME funds used for rental assistance, housing rehabilitation, and acquisition and rehabilitation of housing. Some examples include, land value (donated), on and off-site improvements, waiver of local and state taxes or fees, low-interest loans below market, inclusionary housing obligations. Most commonly, the City's match funds are generally generated through housing developer contributions, prior Low/Moderate Income Set-Aside funds from the State, and individual first-time homebuyer private funds. Specific match dollar amounts are reported to HUD in the CAPER though its submittal of the HUD forms 40107-A HOME Match Log. The City will be releasing a Notice Funding Availability to all Certified Community Housing Developer Organizations to leverage with the available HOME funds.

The City of Chula Vista does not use HOME funds in any other manner than described in 24 CFR Part 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Recapture Requirements:

If the housing does not continue to be the principal residence of the homebuyer for the duration of the period of affordability, the City of Chula Vista ("City") may recapture the entire amount of HOME assistance from the homebuyer, subject to the limitation that when the recapture requirement is triggered by a sale (voluntary or involuntary) of the property, and there are no net proceeds, or the net proceeds are insufficient to repay the HOME funds due, the City can only recapture what is available from net proceeds. The net proceeds are calculated as the sales price minus superior loan repayments (other than HOME funds) and any closing costs. The property will no longer be subject to the affordability requirements after the City has recaptured the HOME funds in accordance with the 24 CFR 92.254(5)(ii).

For more specific details, refer to the Chula Vista homebuyer program recapture option which is processed in accordance with the requirements of 24 CFR 92.254 of the HOME Regulations.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

See discussion above.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The following are conditions under which the City's HOME's program will allow a refinance existing debt secured by multi-family housing that is being rehabilitated with HOME funds:

- a. Residential rehabilitation shall be the primary eligible activity for refinance consideration. The required minimum ratio between rehabilitation and refinancing is 1.05.

- b. Management practices shall be reviewed to demonstrate that disinvestments in the property have not occurred, that the long-term needs of the project can be met, and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.

- c. New investment shall be made to maintain current affordable units or to create additional affordable units.

- d. The Program statutory minimum period of affordability shall be those imposed in accordance with 24 CFR 92.252 of the HOME Regulations. The City typically imposes an a HUD affordable period of 20 years. However, other funding sources may require an extended period of affordability and program compliance period of 55 years.

- e. The investment of HOME funds shall be within the geographic area of the City. However, HOME funds could be used outside the geographic area of the City if it can be demonstrated that there is a regional benefit to residents of the City on a case by case basis.

- f. HOME funds cannot be used to refinance multi-family loans made or insured by any federal program, including the CDBG Program.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

Refer to written standards attached.

2. If the Continuum of Care has established centralized or coordinated assessment system that

meets HUD requirements, describe that centralized or coordinated assessment system.

The San Diego City and County Continuum of Care (hereinafter referred to as the “CoC”) includes all of the geography within the County of San Diego, including the City of Chula Vista. The City of Chula Vista is required to consult with the CoC on funding priorities using ESG funds. The U.S. Department of Housing and Urban Development (HUD) charges communities that receive funds under the Homeless Continuum of Care Program (hereinafter referred to as “CoC Program”) of the Homeless Emergency Assistance and Rapid Transition to Housing Act (HEARTH Act) with specific responsibilities. Section 578.5 of the HEARTH Interim Rule published in July 2012 (Interim Rule), defines a Continuum of Care (CoC) as “the group organized to carry out the responsibilities required under this part and that is composed of representatives of organizations, including nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing developers, law enforcement, organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons to the extent these groups are represented within the geographic and are available to participate.” Relevant organizations in the San Diego CoC Region established the Regional Continuum of Care Council (RCCC) in 1998, which has served as the CoC coordinating body acknowledged by HUD. Planning and operations of the San Diego CoC have historically been facilitated through the RCCC, an unincorporated association as defined under Section 18035 of the California Corporations Code. As a result, the general operations of the CoC have been guided through the By Laws, structure, and action of the RCCC.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Chula Vista releases a funding of Notice Availability inviting all non-profit organizations who serve eligible ESG clients to submit a proposal. The process below is included in The City’s Federal Grants Administrative Manual attached.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Not applicable. The City has met the homeless participation requirement.

5. Describe performance standards for evaluating ESG.

The ESG entitlement areas and the RCCC have established the following cross-jurisdictional strategies for use of the ESG funds in ways that that set performance standards for each subrecipient:

- Further the accomplishment of actions identified in the Consolidated Plan of each jurisdiction.
- Foster greater access to permanent housing, especially helping people access housing that is affordable at 30% area median income.
- Leverage existing resources to achieve the match and case management requirements and to avoid duplication of services.
- Coordinate across jurisdictions for development of standardized eligibility and assessment standards and by convening semiannual regional planning meetings.
- Support federal and local goals for priority populations, including but not limited to veterans, persons with disabilities, families, and others.
- Allow for variations in ESG entitlement programs that respond to the needs and resources of the individual jurisdictions.
- Comply with eligibility and verification requirements and locally established standards (HMIS, housing status, habitability standards, homeless definitions, etc.).
- Allows each program to take responsibility for program administration including compliance with public notice requirements and timely reporting.
- Encourages all subrecipients to participate in collaborative assessment, coordinated entry, data management, and reporting systems established by the RCCC in accordance with HEARTH regulations.
- Supports timely and accurate data collection and reporting through contractual obligations with subrecipients, and through establishing common standards for vendor relationships with the HMIS Lead.

Not applicable. See above discussion.
