CITY TUESDAY VOTE REMOVAL OF RESIDENTIAL ZONING PROTECTIONS

"At the July 11, 2023 City Council meeting Council member Gonzalez asked staff to review SB10 and provide the Council with an analysis of the legislation. Specifically, Council member Gonzalez asked if there were ways Chula Vista could take advantage of the provisions of SB10 (i.e., CEQA exemptions) without any of the "pitfalls". The issue was referred to City Staff to analyze SB10 and provide feedback on what could be accomplished, if anything, at the local level. On September 16, 2021, the Governor of the State of California signed SB10 into law (Attachment 1). This legislation is not mandatory, but rather allows a City to opt-

in and adopt an ordinance that would significantly UPZONE RESIDENTIAL DENSITY on parcels that meet certain criteria. Pursuant to SB10, the City may adopt an ordinance to zone a parcel for up to 10 UNITS OF RESIDENTIAL DENSITY, at a height specified by the local government in the ordinance, if the parcel is located in one of the following: (1) transit rich area; (2) An urban infill site."

*"Alonso Gonzalez, a newly appointed Chula Vista City Council member, has had a string of business, personal and financial hardships that were not disclosed when he applied for the position. According to public records, Gonzales has an outstanding tax debt, a conviction for driving under the influence and a foreclosed property. State records also indicate that the licenses for two businesses in his name are suspended. Public records also show Gonzalez had a federal tax lien filed against him in 2013, totaling \$44,300. Gonzalez said he is paying off the personal debt, which he said he accrued after pulling out retirement funds early to start **his real estate business, Pac Pro Real Estate Development. Gonzalez registered with the state to form Pac Pro as a corporation in 2018.** The Secretary of State's Office indicates Pac Pro failed to file a mandatory Statement of Information, a document that lists an entity's name, address and officers and is required every two years. In 2021, the Franchise Tax Board suspended the license for Pac Pro. If a business license is suspended, one cannot legally conduct business and could be subject to fines, according to the Franchise Tax Board. If one wishes to withdraw from the registration process, the state requires a formal dissolution or cancellation to be completed; otherwise, penalties can be issued. Gonzalez said he just never got around to completing the process and says he has been operating as a sole proprietor. **California does not require a license to run a sole proprietorship. In 2014, he obtained a real estate license and a broker's license two years later. According to the state Department of Real Estate, he remains licensed. Gonzalez listed his annual income as a broker between \$10,000 and \$100,000, according to an economic interest disclosure form he submitted to the city.** A Democrat, Gonzalez helped run political campaigns for other Democrats such as Ben Hueso, Juan Vargas and Alex Padilla. His top priorities for District 3: diversifying the housing stock with more affordable homes, exploring neighborhood parking programs as the area becomes denser, considering earlier curfew hours and increasing police presence, such as with a substation or more school resource officers."*

NO ON AGENDA 8.1 SPEAK SAVE OUR NEIGHBORHOODS

"On December 13, 2023, the Planning Commission voted 7-0-0 in opposition to the City opting-in to SB10 Commissioners expressed concerns with the destruction of community character, loss of local control related to zoning, exacerbated parking issues, and the effects on neighborhoods already struggling with Accessory Dwelling Units ("ADU"s). Concerns were also expressed that SB10 this would be disproportionately applied to parcels on the west side of the City where developers could take advantage of the larger lots to add more units. Commissioners stated that while they understood that more housing is needed, "one size does not fit all" for the City of Chula Vista. On September 16, 2021, the Governor of the State of California signed SB10

into law (Attachment 1). This legislation is not mandatory, but rather allows a City to opt-in and adopt an ordinance that would significantly upzone residential density on parcels that meet certain criteria. Pursuant to SB10, the City may adopt an ordinance to zone a parcel for up to 10 units of residential density, at a height specified by the local government in the ordinance, if the parcel is located in one of the following: (1) transit rich area; (2) An urban infill site. To date, only one jurisdiction in California has opted into SB10, which is Humboldt County. In conversations with the Planning Department of Humboldt County, City staff have verified that as of December 2023, Humboldt County had not received any SB10 applications to upzone residential property.
