We don't want this in our city! We have enough of a homeless problem here and their issues will not be solved by more (expensive) housing that the taxpayer's money will be partly used for!

NO ON AGENDA 8.1 SPEAK SAVE OUR NEIGHBORHOODS

"On December 13, 2023, the Planning Commission voted 7-0-0 in opposition to the City opting-in to SB10. Commissioners expressed concerns with the destruction of community character, loss of local control related to zoning, exacerbated parking issues, and the effects on neighborhoods already struggling with Accessory Dwelling Units ("ADU"s). Concerns were also expressed that SB10 this would be disproportionately applied to parcels on the west side of the City where developers could take advantage of the larger lots to add more units. Commissioners stated that while they understood that more housing is needed, "one size does not fit all" for the City of Chula Vista. On September 16, 2021, the Governor of the State of California signed SB10 into law (Attachment 1). This legislation is not mandatory, but rather allows a City to opt-in and adopt an ordinance that would significantly upzone residential density on parcels that meet certain criteria. Pursuant to SB10, the City may adopt an ordinance to zone a parcel for up to 10 units of residential density, at a height specified by the local government in the ordinance, if the parcel is located in one of the following: (1) transit rich area; (2) An urban infill site. To date, only one jurisdiction in California has opted into SB10, which is Humboldt County. In conversations with the Planning Department of Humboldt County, City staff have verified that as of December 2023, Humboldt County had not received any SB10 applications to upzone residential property.
