

## District 2 City Councilmember Interview Questions - January 24, 2023

1. What do you think are the pressing issues in your community?
2. How would you use your position to address these issues?
3. A number of news stories have highlighted resident concerns related to the smell or odor generated by the landfill. How would you support your constituents with this significant concern?
4. Can you describe your experience of supporting or working with higher education to expand degree options or related learning opportunities?
5. Currently the City is having to address systemic issues that are affecting our communities, including homelessness, housing, and the environment. In order to do that, the City often partners up with nonprofits and other agencies in order to serve our residents. What do you think you can bring to the table to help strengthen our efforts in this process?
6. District 3 has seen a lot of change through the years and will continue to see more as we continue to grow. How can you reassure the residents of your district that they will receive their fair share of equitable public services throughout these changes?
7. Chula Vista is a great City; we are moving to the next level. We have great master-planned communities. Now, we need to be able to attract new businesses to create those jobs. What would you do to be able to attract new business to the City of Chula Vista?
8. How would you be a collaborator to make sure we're not looking at the politics, not looking at the personalities, but truly focusing on the solutions?
