Please look into the contract that was drawn up by Kevin Pointer and agreed to by the city council members on or around Oct. 18, 2023. This seems to violate Chula Vistas own municipal codes (2.66, etc) as well as the California codes regarding Preservation of Public Parks.

I'm curious as to what the relationship is between Nora Vargas and Kevin Pointer. Coincidentally the signing of this Facilities Use Agreement between Chula Vista and the Private club Sunnyside Saddle Club (SSC) occurred just 2 months after I spoke about the American Flag being displayed on the same level as the LGBTQ flag in Nora Vargas' State of the County Address. The permanent locking of the equestrian arena has been allowed to occur as the contract gave SSC permanent, 24/7 exclusive use of a facility which is located in Rohr Park and has been used by the local backyard owners for decades. I happen to use this facility many times a week for over 24 years, until the locking has been allowed. I have received many social media comments from the President of SSC which also seem to violate the contract stipulations. I have sent these posts to the city attorneys.

I am frustrated by the locking of the public facility. And I apologize if my frustrations are coming out in my letters, but just the fact that I was making a grievance about what was being allowed to occur has been attacked by the SSC on my social

media page. This is creating a division and having a negative affect on the community.

Please look into this as I do not feel locking an outdoor, public park facility 24/7 and keeping a specific group of people from accessing a facility which they have come to rely on for decades, while allowing the rest of the general public to access other outdoor facilities is a fair or balanced treatment of certain community members..

Allowing a park facility to remain idyll for 345 days a year also seem to degrade a park and keeping it from remaining vibrant and usable by the community.

Sincerely,
Stacy Jett

Thank you,
City of Chula Vista
