Dear Board of Ethics,

I'm verifying you received my letter on July 22/23.

I will send it again:

Why did my letter take so long to reach you?

I sent it:

05/06/2024 10:29 AM

It is now 7/22/2024.

72 days you take to do anything with my complaint and 77 days till you respond to me, in this email.

I'm given "90 Days to complete the complaint" but really only have 13 days?

July 22, 2024

To Whom It May Concern,

I am writing in response to your recent communication regarding my initial complaint submitted on May 6, 2024, concerning the ethical conduct of Kevin Pointer and others involved in the approval and defense of the exclusive use contract between the City of Chula Vista and Sunnyside Saddle Club (SSC).

Firstly, I must express my deep frustration and disappointment with the significant delay in your response. It has taken a staggering 77 days for a reply to reach me, which is unacceptable considering the urgency and seriousness of the issues raised. Your requirement for me to now complete a 30-page complaint form within 13 days of receipt is both unreasonable and disproportionate, particularly after enduring such an extensive delay on your end.

I have already provided detailed accounts and documentation outlining the violations of Chula Vista Municipal Codes, the California State Constitution, and other relevant laws perpetrated by Kevin Pointer and his cohorts. These violations include but are not limited to the wrongful exclusion of the public from a publicly owned facility and the blatant disregard for established legal frameworks and ethical standards.

Moreover, the contract signed on October 17, 2023, granting SSC exclusive, 24/7 access to a facility within Rohr Park, a public asset utilized by the community for decades, is a clear betrayal of public trust. This contract has not only deprived me and others of our constitutional rights to access public facilities but has also caused significant harm to my personal interests and the well-being of my horses.

It is evident that the decision-makers involved, including Maria Kachadoorian, Megan McClurg (city atty) Mayor John McCann, Megan McClurg, and Deputy Mayor Preciado, City Councilmembers Gonzalez, Cardenas, Chavez, have failed in their duty to uphold the law and protect public resources. Their actions have led to the prolonged violation of the public's rights and the perpetuation of a public nuisance.

Given the gravity of these violations and the extensive documentation already provided, I firmly believe that the onus is on you to take immediate corrective action. I refuse to allocate further time and resources to fill out a cumbersome complaint form (30 pages) when the essential facts and grievances have already been communicated repeatedly over the past months.

Therefore, I urge the Ethics Committee to promptly investigate and address these issues, ensuring accountability and restitution for the community. It is imperative that the public park facility is restored to its intended use without further delay.

I trust that you will handle this matter with the utmost seriousness and expediency it demands.

Sincerely,

Stacy Jett
