I have lived here for 8 years and during this time, the increased building in the Otay Ranch and Millenia area, while beneficial to a certain point, has reached the end of their benefits.

We do not have a need for more housing, we have a need for AMENITIES and infrastructure to support housing. We do not have enough schools, grocery options, or police to support the increased number of residents. We do not even have a large library in Eastlake! :(It's truly despicable.

Another concern is Eastlake's notorious reputation of poor traffic control and accidents/incidents. Further contesting our streets puts our residents at more risk.

As it is we have less than 15 patrol cars for all of Chula Vista.

We need to prioritize meeting the safety and logistical needs of our residents **FIRST AND FOREMOST**.
