Dear City of Chula Vista representatives,

I hope this message finds you well. I am writing to express my concern about the increasing number of vehicles running red lights in our city, Chula Vista. This dangerous behavior not only poses a significant risk to pedestrians and other drivers but also undermines the safety of our community.

In light of these concerns, I would like to request the installation of red light cameras at key intersections throughout the city. Implementing this measure could serve as a deterrent to reckless driving and significantly enhance road safety for all residents.

Thank you for your attention to this matter. I appreciate your consideration and look forward to any updates regarding this request.

Best regards,

M. Ward
