24. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

I'm passionate about ensuring that Chula Vista's government is transparent, accountable, and responsive to the community. With experience in legislative affairs, budget policy, and constituent services, I've seen firsthand how city policies impact residents and how structural changes—like Charter amendments—can improve government efficiency. As a Policy Advisor for the City of San Diego, I work closely with communities to address local issues and navigate city processes. I'd bring this experience to the Charter Review Commission to help ensure the Charter reflects the needs of Chula Vista's residents and strengthens public trust in local government.

25. What would you hope to accomplish in the role of a Charter Review Commissioner? (250 words or less)

As a Charter Review Commissioner, I'd aim to foster meaningful discussions about how the City Charter can evolve to better serve Chula Vista. I want to ensure that any proposed changes are not only legally sound but also practical and reflective of the community's values. My goal would be to help bridge the gap between city government and residents by making the Charter more understandable and accessible, so people feel more connected to the decisions shaping their city. By bringing my experience in policy analysis and community engagement, I hope to contribute to a Charter that strengthens trust in local government and supports long-term growth.
