Hi,

My name is Rene Morales. I am a 22-year military veteran and a 17-year resident of Chula Vista. I am addressing the City Council regarding the weak and inadequate response to multiple complaints of harassment through surveillance that have been ongoing for nearly three years within city limits, including incidents involving close neighbors.

This prolonged activity has created an atmosphere that directly contradicts the ethical standards this Council is responsible for protecting. I initially raised these concerns with the Mayor's Office and was redirected to the Chula Vista Police Department. When I followed that guidance, I was provided a report that did not include my name and did not accurately reflect my complaint, demonstrating a lack of transparency and accountability.

I currently have an Internal Affairs investigation complaint pending with SDPD that has also gone unanswered. The absence of communication, clarity, or formal findings only compounds the seriousness of this matter.

There are additional concerns regarding the potential misuse of city assets to provoke responses or manufacture a desired outcome. This issue has been repeatedly deflected without resolution.

I am formally demanding a response. I intend to continue elevating this matter through all appropriate oversight and accountability channels until a transparent, documented response is provided. If this is happening to me, it raises serious concerns about how many other residents may be experiencing similar treatment without recourse. Silence and deflection are not acceptable substitutes for leadership.

Best,

Rene F. Morales
