

Comments:

Yes, I and my wife are for the improvement of ROAR park... I lived since 2000-2007 200 feet by the Hill west of the Park.... Like a human body it needs, empirical, maintenance and/or upgrading...

Value analysis:

1. \$ Profit = Human + Habitat HEALTH, SAFETY, & Public Welfare.
2. Product ought to be balance with the wholesome continuing development in shell, man, shelter, society of mobility, circulation-communication.
3. Cost effectiveness leads to resource poured as priority programs such as homelessness.
