PROJECT DEVELOPMENT COOPERATION AGREEMENT

This Project Development Cooperation Agreement (Agreement) is made and entered as of _____, 2019, by and between the City of Chula Vista, a chartered municipal corporation (City), and Lakeview I, LLC, a California limited liability company, Lakeview II, LLC, a California limited liability company, and Moller Otay Lakes Investment, LLC, a Delaware limited liability company (Owners). City and Owners are collectively referred to herein as the Parties. This Agreement is made and entered with reference to the following facts:

RECITALS

A. Owners are the project applicants for the Otay Ranch Resort Village 13 (Project). The Project would implement a master-planned community consisting of residential uses, commercial uses, an elementary school, a fire station and a Village Core connected through a system of roadways, public parks, trails, open space, and private recreational amenities. The Project also would include conveyance of approximately 787 acres of land (1.188 acres for every developed acre) to the Otay Ranch Resource Management Plan (RMP) Preserve. The Project is located within unincorporated San Diego County (County), approximately 0.25 miles east of the Chula Vista city limits. The Project area encompasses approximately 1,869 acres and is located primarily northeast of Otay Lakes Road. The County is the lead agency with regard to the Project. The Project's legal description is attached hereto as **Exhibit A** and made a part of this Agreement. In addition, the Project Area Map is attached hereto as **Exhibit B** and made a part of this Agreement.

B. The Project is a part of the approximately 23,000-acre Otay Ranch General Development Plan/Otay Subregional Plan (GDP/SRP), which the County and City jointly processed and approved in 1993. The GDP/SRP sets forth a comprehensive plan for Otay Ranch, including Villages and Planning Areas, which is currently being implemented. The GDP/SRP anticipated timely provision of public facilities concurrent with need.

C. The City and Owners have identified areas where residents of the Project residing in the County may benefit from facilities provided by the City. The Parties desire to resolve disputes between the Parties that arose during the County's planning and environmental review process of the Project. Therefore, the Parties desire to enter into this Agreement to provide for the payment of benefit contributions to the City in support of facilities provided by City.

D. The City owns, operates, and maintains the Salt Creek Sewer Interceptor for the purpose of collecting and transporting sewage for treatment and disposal. The Salt Creek Interceptor was sized with capacity to accommodate the Project and flows from the Project are not expected to impact the capacity of the Salt Creek Interceptor. A Sewage Transportation Agreement for the Salt Creek Interceptor between the San Diego County Sanitation District (SDCSD), the County, and the City, dated July 1, 2016 (Transportation Flow Agreement), allows flows from the Project to be conveyed to the Salt Creek Interceptor, and requires the Project to

pay the Salt Creek Interceptor Development Impact Fee (DIF) that is in effect at the time of building permit issuance. Sewer service can be provided to the Project by constructing offsite sewer facilities to convey flows to the Salt Creek Interceptor.

E. The Project implements City and County circulation roadways that were analyzed in the 1993 GDP/SRP Program Environmental Impact Report (EIR), as updated by subsequent planning actions, and as further refined by the Project's site-specific development concept and technical analyses. The segment of Otay Lakes Road from Lake Crest Drive to the City/County boundary (Otay Lakes Road Segment) is within the responsibility and jurisdiction of the City; the County does not have concurrent jurisdiction to permit or implement any improvements to this road segment.

F. The Project's EIR (pending certification) determined that mitigation measures within the City are considered feasible because they are or will be funded by the City's Eastern Area Transportation Development Impact Fee (TDIF) Program and the Project could pay its fair share. Owners have agreed to construct the Otay Lakes Road Segment in lieu of paying any fees. Accordingly, this Agreement is to provide for all feasible coordination between the City and Owners to improve the Otay Lakes Road Segment within the City. In addition, this Agreement is to provide for the construction of, and processing of an amendment of the TDIF program for the Otay Lakes Road Segment. Specifically, on the terms set forth herein (1) Owners agree to construct the Otay Lakes Road Segment, as a Boulevard with Intermittent Turn Lanes (Modified) and the signalization of the intersection of Otay Lakes Road and Wueste Road, as designed on the Project Vesting Tentative Map PDS2004-3100-5361-RPL-1 (VTM) and as a Project VTM condition of approval on the Project; and (2) City agrees to process an amendment of the TDIF that will allow the reimbursement of the Owners for the actual costs for all City TDIF eligible costs of constructing the Otay Lakes Road Segment.

G. This Agreement is to provide support and cooperation between the Parties with respect to the development of the Project.

NOW, THEREFORE, in consideration of the foregoing and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and Owners agree as follows:

1. Benefit Contributions.

1.1 Owners shall make financial contributions to the City (each "Benefit Contribution" and collectively, the "Benefit Contributions") in the amount of $5,500 per residential dwelling unit constructed within the Project.

1.2 The escrow instructions for each of the Project's residential dwelling units shall include a provision for the Benefit Contribution payment to the City, to the satisfaction of the City Manager and City Attorney. Notwithstanding the aforementioned escrow instructions, upon written demand to Owners, the City shall have the right to: (i) acquire each corresponding Benefit Contribution from the Owners upon close of escrow for each residential unit; or (ii) receive from the Owners audit/sales information of the Project's residential dwelling units every

six months from the close of escrow of the first residential unit, as well as the Benefit Contributions associated with those units for said six-month period.

2. Salt Creek Interceptor.

2.1 Owners shall pay the City's Salt Creek Interceptor DIF fees that are in effect at the time of building permit issuance in accordance with the terms of the Transportation Flow Agreement. Owners shall construct, at its own expense, the facilities necessary to connect the Project to the existing Salt Creek Interceptor public sewer located in Otay Lakes Road west of Woods Drive, which will provide for the conveyance of sewer flows from the Project to the Salt Creek Interceptor (Connection Facilities). The Connection Facilities shall be constructed in accordance with the sewer design as shown on the Project VTM as approved by the County in consultation with the City and all applicable laws and standards consistent therewith.

2.2 City shall timely implement all terms of the Transportation Flow Agreement necessary for the permitting construction, maintenance and operation of the improvements within the City that provide for the conveyance of sewer flows from the Project to the Salt Creek Interceptor. No later than six (6) months after approval of the Project VTM, the City shall update the Salt Creek Interceptor DIF to include the Project's land uses into the DIF fee calculation.

3. Otay Lakes Road Construction and Reimbursement.

3.1. Owners shall design and construct Otay Lakes Road in the City, from Lake Crest Drive to the City/County boundary (Otay Lakes Road Segment), as a Boulevard with Intermittent Turn Lanes (Modified) and the signalization of the intersection of Otay Lakes Road and Wueste Road as designed on the Project VTM (PDS2004-3100-5361-RPL-1) as approved by the County and in accordance with all other applicable laws on standards consistent therewith.

3.2 City shall support and take all actions necessary for acquisition of right-of-way required to implement the road design as described in Section 3.1. and timely accept applicable offers of dedication for any required right-of-way for the Otay Lakes Road Segment without any objection or compensation as anticipated in final forms approved by the City Engineer and City Attorney. Owners shall pay all costs associated with right-of-way acquisition.

3.3 City shall timely review and process approval of any necessary construction and improvement plans, permits, access, easements, and/or other actions or documents necessary for the construction and operation of the Otay Lakes Road Segment, including all related utilities, landscaping and trail improvements in accordance with applicable City laws, and standards. Notwithstanding the foregoing, the Parties agree and acknowledge that construction of the Otay Lakes Road Segment shall be consistent with the design shown on the Project VTM (PDS2004-3100-5361-RPL-1) and City shall issue permits upon compliance with all conditions, design requirements, regulations and mitigation measures.

3.4 City shall cooperate with the addition of the Otay Lakes Road segment from Wueste Drive to the City County boundary to the TDIF Program. Once the segment is added, City shall reimburse Owners for actual costs for all TDIF eligible costs, including but not

limited to costs associated with right-of-way acquisition and eligible costs associated with required traffic signals, for constructing the Otay Lakes Road Segment. Estimated TDIF eligible costs are calculated based upon the latest update to the City's transportation development impact fee program. In order to receive reimbursement for TDIF eligible costs, Owners shall enter into a reimbursement agreement with the City in accordance with Chula Vista Municipal Code Chapter 3.54 for the construction of the Otay Lakes Road Segment. The reimbursement agreement shall be substantially in the form of **Exhibit C**. Owners shall receive credit against the Benefit Contributions set forth in Section 1, above, in the amount of any unreimbursed TDIF eligible costs that Owners incurred for constructing the Otay Lakes Road Segment.

3.5 City shall cooperate with and reasonably facilitate any mitigation as per the Chula Vista Multiple Species Conservation Program (MSCP) as well as any other mitigation of impacts deemed necessary for approval of permits and construction of the Otay Lakes Road Segment. City shall cooperate with and reasonably facilitate any other permits deemed necessary, including but not limited to a U.S. Army Corps of Engineers Clean Water Act Section 404 permit, a Regional Water Quality Control Board Clean Water Act Section 401 Water Quality Certification, and a municipal separate storm sewer system (MS4) permit. City shall cooperate with Owners' request to utilize the SANDAG Environmental Mitigation Program (EMP) to satisfy any and all eligible mitigation required for impacts to biological resources for the Otay Lakes Road Segment.

3.6 Except as expressly provided herein, Owners shall not assume Ownership, title, or control, or the right or obligation to operate or maintain, the Otay Lakes Road Segment. In accordance with City standards, as applied in City's sole discretion, City shall maintain the portion of Otay Lakes Road located within the City including all landscaping associated with the Otay Lakes Road Segment. Owners may elect to maintain the landscaping, trail, and median landscaping by entering into a Grant of Easement, License and Maintenance Agreement with the City substantially in the form of **Exhibit D**, subject to approval by City in its sole discretion.

4. Further Support and Cooperation.

4.1 Should it be requested by the County, City agrees to cooperate with the County to provide interim Fire Protection and Emergency Services to the Project per a separate agreement with the County Fire Authority. If the City provides interim Fire Protection and Emergency Services, City and Owner will enter into an agreement regarding Owners responsibility to fund such services.

4.2 City shall continue to work on the timely implementation of the Otay River Restoration Project Final Habitat Mitigation and Monitoring Plan and approval of the Otay River Mitigation Bank currently being processed by HomeFed Corporation and not oppose the Project's pursuit of mitigation within the mitigation bank. In the event the Mitigation Bank is unavailable or infeasible to meet the mitigation requirements of Village 13, City shall cooperate with Owners to make available City land in the Otay River Valley or other mutually agreeable location for implementation of a permittee responsible Habitat Mitigation and Monitoring Plan (HMMP). Should City land not be available, City shall cooperate with the Owners acquisition of

other public/private land or mitigation bank for the HMMP. City shall not oppose the Project's pursuit of mitigation within the mitigation bank or other viable mitigation option.

4.3 City shall allow future Project residents to use the recreational facilities in the City; and City reserves the right to charge Project residents non-resident rates.

4.4 City accepts that Otay Lakes Road standards within the County's jurisdiction shall be at the discretion, and to the satisfaction of the County.

4.5 City shall cooperatively and timely work with the County to process any Otay Ranch Resource Management Plan (RMP) updates or other Otay Ranch collaborative policy and/or planning efforts.

4.6 Should the Owners' development plan for the Project change, Exhibits A and B to this Agreement shall be deemed to be modified and effective immediately, to reflect the changed development plan. Neither the signature, consent, nor any other action of City is required for such modification; however, City shall provide such signature or consent within 7 days following any written request by Owners.

5. Further Assurances. The Parties shall execute all documents and instruments, and take all actions reasonably necessary or appropriate to carry out the purposes and intent of this Agreement. The City and Owners shall each use reasonable efforts to cooperate fully with the other with respect to the matters covered by this Agreement. City's reasonable cooperation and facility obligations under specific sections of this Agreement and this section shall not impose upon the City any obligation to incur costs or make payments to Owners or any third parties, except as explicitly set forth in this Agreement. This agreement also shall not impose on the Owner's any obligation to incur costs or make payments to the City or any third parties, except as explicitly set forth in this Agreement.

6. Non-Opposition to Project. City and/or any person authorized or directed to act on behalf of City, including but not limited to its City Council, elected and appointed officers, directors, employees, agents, and representatives (collectively, City Personnel) shall not oppose, challenge, or object to the Project, the development plan for the Project, or any item necessary to the implementation of the Project. City shall consult with Owners prior to any City Personnel submitting or making any public correspondence or comments relating to the Project. Concurrent with the execution of this Agreement, City shall provide to Owners a letter regarding the City's non-opposition to the Project.

7. Mutual Release and Waiver.

7.1 This Agreement is a compromise of all claims — known, unknown, actual, and potential — among the Parties to this Agreement. This Agreement shall not be construed as an admission by any of the Parties of any wrongdoing or liability of any kind, or an admission by them of any violation of the rights of the Parties or any other person or entity, or violation of any order, law, statute, duty or contract on the part of the Parties. The Parties intend merely to avoid potential litigation.

7.2 Owners and City, and each of them, on behalf of themselves, their successors-in-interest, assigns, and all others who may take any interest in the matter herein released, do hereby fully mutually release and discharge each other, and each other's respective partners, officers, directors, shareholders, servants, employees, agents, managing agents, affiliated or related entities, administrators, assigns, attorneys, insurers, sureties, representatives, beneficiaries and successors from any and all claims, lawsuits, demands, liabilities, damages, causes of action, or actions of every kind or nature whatsoever, which they each presently have, had, or claim to have arising from or connected with this Agreement and/or the Project (Released Claims). This release shall be a complete and absolute bar to any and all future claims and administrative or judicial actions based upon, contesting, or challenging on any basis the development of the Project or any Project approvals to facilitate implementation and/or development of the Project, except to the extent such action is not prohibited by a specific provision of this Agreement.

7.3 It is the intention of the Parties that this Agreement shall be effective as a full and final accord and satisfactory release of each and every matter specifically and generally referred to in the releases set forth in this Section 7. With respect to the Released Claims, it is the intention of the Parties to expressly, knowingly, and voluntarily waive any and all rights and benefits conferred upon them by Section 1542 of the California Civil Code, which states as follows:

> A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor.

7.4 Nothing in this Section 7 shall apply to the rights, duties, and obligations undertaken or created by this Agreement.

8. Force Majeure. A Party shall not be deemed to be in default or liable for any failure to perform its obligations pursuant to this Agreement if such failure to perform results from: strikes; lockouts; labor troubles; inability to procure materials; failure of power, sewer or water; restrictive governmental laws, regulations, or moratoria; riots; insurrection; war; litigation over the adequacy of the Project or the Project's environmental impact report (EIR); or other reasons of a like nature beyond the control of such Party. In addition, if the County does not approve the Project, this agreement is hereby null and void.

9. Notices. Any notice, demand, or other communication given pursuant to this Agreement shall be in writing and shall be given either by personal delivery, e-mail, or mail provided that such delivery is evidenced by electronic confirmation of delivery to the noticed party, by delivery to an overnight delivery service, or by deposit in the United States mail, postage paid, by certified or registered mail, return receipt requested, correctly addressed to the Parties as follows:

10. Successors and Assigns. All of the terms and provisions of this Agreement shall inure to the benefit of and shall be binding upon City and Owners and their successors and assigns, including, without limitation, successor-in-interest master developers and merchant builders, and each person or entity acquiring the Project, or any interest therein, whether voluntarily, involuntarily, by operation of law, or otherwise, such as by deed in lieu of foreclosure or by foreclosure sale. Owners shall at all times have the right to assign any right or delegate any obligation set forth in this Agreement, and the assignee shall automatically assume its proportionate share of the obligations set forth in this Agreement. Any such assignment and/or delegation must be in writing and, as between the Parties and for purposes of this

Agreement, shall have no force or effect unless and until Owners provides a copy of the written assignment and/or delegation to the City. Subject to the foregoing, any right of Owners set forth in this Agreement may be exercised by an assignee of that right to the same extent that Owners could have exercised that right. No such assignment shall relieve Owners of any of its obligations under this Agreement without the City's written consent.

11. Entire Agreement; Miscellaneous. This Agreement constitutes the entire Agreement between the Parties and shall supersede all other oral or written agreements between the Parties respecting the subject matter of this Agreement. This Agreement may only be modified or amended by written instrument executed by both Parties. This Agreement shall be governed by the laws of the State of California and shall be construed as if it were prepared jointly by the Parties.

12. Indemnification. Owners agrees to defend, indemnify, protect and hold harmless the City, its elected and appointed officers, employees, and other persons working on behalf of the City from and against all third-party claims, suits, actions or proceedings whether judicial or administrative, writs, orders, injunctions or other relief, damages, liability, cost and expense (including without limitation attorneys' fees) (collectively, Claims) incurred by the City arising from the City entering into this Agreement, or any City actions in processing or issuing any permits resulting from or as described in this Agreement, provided said Claims do not arise from the City's sole negligence, gross negligence, or willful misconduct. Defense obligations incurred by this paragraph shall be complied with by counsel of Owners' choosing, subject to oversight by the City Attorney, and City's consent with respect to any resolution, compromise, or settlement that may affect City's interests, which consent shall not be unreasonably withheld.

13. Enforcement Remedies. Owners' contract enforcement remedies shall be limited to specific performance, with no right to pursue monetary or consequential damages.

14. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable laws, but should any provision of this Agreement be prohibited or invalid under such laws, such provision shall be ineffective to the extent of such prohibition or invalidity without invalidating the remainder of such provision or any other provision of this Agreement, provided the objectives of this Agreement still can be accomplished without such severed provisions.

15. No Third-Party Beneficiaries. Except for the assignment provisions of Section 10 herein, this Agreement and every provision hereof is for the exclusive benefit of the Parties and not for the benefit of any third party. Nothing contained in this Agreement shall create a contractual relationship with or a contractual claim in favor of a third party or entity against the City or Owners.

16. Counterparts. This Agreement may be executed in counterparts, a complete set of which shall be deemed to be an original and all of which together shall comprise but a single instrument. Signatures may be given via e-mail and shall be deemed given as of the date of the transmission of this Agreement by e-mail to the other party.

17. Authority. By signing below, the undersigned represents, warrants, and certifies that he or she is authorized to execute this Agreement and is taking this action with full authority from the principal.

City acknowledges and agrees that all of the Estimated Costs identified in Exhibit B are [Funding Source] Eligible Expenses.

ARTICLE III. DURATION OF AGREEMENT

3.1. Term of Agreement. This Agreement shall be effective on the Effective Date following City Council approval by Resolution, and the term shall extend until such time as all executory terms have been completed or it is early terminated according to the termination provisions herein.

ARTICLE IV. PROJECT COSTS

4.1. Estimated Cost. The Estimated Cost of the Project Improvements is [one million dollars ($1,000,000)], as shown in Exhibit B, attached hereto.

7.5. City Approval Not a Waiver of Obligations. Where approval by the City, the City Manager, or other representatives of City is required, it is understood to be general approval only and does not relieve Developer of responsibility for complying with all applicable laws, codes, and good consulting, design, or construction practices and is not an assumption of liability by the City. City shall not have an obligation to make payment to Developer unless and until Developer provides the Director of Development Services with a Reimbursement Request containing all of the above and such Reimbursement Request is approved by the Director of Development Services as provided below.

9.1.3.2. Inspection. The Project shall be subject to City inspection as provided in section 2-11 of the Greenbook. Developer shall ensure that all persons and entities providing work or services for the Project comply with the inspection requirements provided in section 2-11 of the Greenbook.

9.1.3.3. City Approval. The Director of Development Services shall review each Reimbursement Request and the supporting documentation. If the Director of Development Services finds that any such payment request is incomplete, improper, or otherwise not suitable for reimbursement, the Director of Development Services shall inform Developer in writing within fifteen (15) business days after receipt thereof, the reasons for his finding. Developer shall have the right to respond to this finding by submitting further documentation after receipt of said findings. i. All Project improvements have been installed.
ii. As-builts have been submitted to the City.
iii. Form PWE106 is completed.

During the appeal period, and as long as the charges remain disputed,

Developer shall proceed with the work, and the City shall compensate Developer for the undisputed amounts. If, following the appeal, the City Manager determines that any previously unpaid amounts are eligible for reimbursement, such amounts shall be included in the next payment to Developer.

9.1.6. *Cutoff for Submission of Invoices*. Developer shall submit its final Reimbursement Request not later than the Cutoff Date. Any Reimbursement Requests submitted after the Cutoff Date shall not be reviewed or included in Reimbursable Cost. The final payment by the City for the Project will be made only after Developer has submitted all documentation reasonably necessary to substantiate the cost of construction and completing the Improvements associated with that phase, lien free, in accordance with the Plans. Final inspection and sign-off by the City's inspectors with associated mechanic's lien releases (or bonds releasing contested liens) shall be sufficient evidence of the lien free completion of the Improvements.

9.1.7. *Final Accounting*. Following completion of the Project, Developer shall submit a final accounting to the City in order to determine the cost of design, engineering, construction, and related work thereto to complete the Improvements. Developer shall also submit all supporting information reasonably necessary to document expenditures on the Improvements, including specific details on the costs and work attributable to the Improvements, including third-party invoices, billings, and receipts for construction surveying, soil testing, blue printing, actual construction costs, and similar expenses.

9.1.7.1. True-up Payments. Following a Final Accounting, the City shall determine whether the actual payments made to Developer equal the audited approved expenditures. In the event that the amount of the approved expenditures exceeds the amount of the actual payments, the City shall make a true-up payment to Developer for the difference; however, in no event shall the true-up payment cause the total amount paid per phase to exceed the Maximum Reimbursement Amount. If the Final Accounting shows that the amount of actual payments to Developer exceeds the amount of the approved expenditures, Developer shall remit or cause the remittance of the difference to the City within twenty (20) business days of a notice of deficiency.

ARTICLE X. PROJECT ACCEPTANCE AND FINAL COMPLETION

10.1. No Waiver. Developer shall perform and complete the work in strict accordance with the Contract Documents, as reasonably determined by the City Engineer and the Director of Development Services. Neither recommendation of any progress payment or acceptance of work, nor any payment by City to Developer under this Agreement, nor any use or occupancy of the Improvements or any part thereof by the City, nor any act of acceptance by the City, nor any failure to act, nor any review of a shop drawing or sample submittal, will constitute an acceptance of work, which is not substantially in accordance with the Contract Documents.

ARTICLE XI. WARRANTIES

11.1. Enforcement of Warranties. Developer shall enforce for the City's benefit all warranties provided in the Contract Documents and any other implicit or explicit warranties or guarantees required or implied by law.

11.2. Term of Warranties. Unless otherwise specified or provided by law, warranties shall extend for a term of one (1) year from the date of Acceptance.

ARTICLE XII. DEFECTIVE WORK

12.1. Correction, Removal, or Replacement. If, within the designated warranty period, or such additional period as may be required by law or regulation, the City determines the Project contains defective work ("Defective Work"), Developer shall promptly and in accordance with the City's written instructions and within the reasonable time limits stated therein, either correct , repair, or replace the Defective Work, or if it has been rejected by City, remove it from the site and replace it with non-defective and conforming work.

12.2. City's Right to Correct. If circumstances warrant, including but not limited to an emergency or Developer's failure to adhere to Section 12.1, City may correct, remove, or replace the Defective Work. In such circumstances, Developer or its contractors or subcontractors, as applicable, shall not recover costs associated with the Defective Work.

12.3. Non-Reimbursable Costs. All costs incurred by Developer or Developer's agents to remedy defects are Non-Reimbursable Costs. If the City has already reimbursed Developer or Developer's contractors or subcontractors for the defective work, City is entitled to an appropriate decrease in Reimbursable Costs, to withhold a setoff against the amount, or to make a claim against Developer's bond, if Developer or Developer's contractors or subcontractors, as applicable, have been paid in full, until the defects are remedied.

12.4. Extension of Warranty. When Defective Work, or damage therefrom, has been corrected, removed, or replaced during the warranty period, the one (1) year, or relevant warranty period, will be extended for an additional time period equal to that of the initial warranty period, from the date of the satisfactory completion of the correction, removal, or replacement.

12.5. No Limitation on Other Remedies. Exercise of the remedies for defects pursuant to this Article shall not limit the remedies City may pursue under this Agreement or law.

12.6. Disputes. If Developer and City are unable to reach agreement on disputed work, City may direct Developer to proceed with the work and compensate Developer for undisputed amounts. Payment of disputed amounts shall be as later determined in accordance with 9.1.5.2(c). Developer shall maintain and keep all records relating to disputed work for a period of three (3) years in accordance with Article XVII.

ARTICLE XIII. SECURITY FOR CONSTRUCTION

13.1. Bond. The Contract Documents shall require the contractor or Subcontractor to provide a payment bond and a performance bond for the construction of the Project. The City shall be named as a co-obligee of the bonds. The bonds shall be maintained until such time as the Project is complete and Accepted by the City.

13.2. Insolvency or Bankruptcy. If the surety on the above-mentioned bond is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located, Developer shall within five (5) business days thereafter substitute or require the substitution of another bond and surety, acceptable to the City.

13.3. Calling the Bond. Developer acknowledges and agrees that if Developer's construction of the Improvements has not been commenced, has not been completed in accordance

with the Project Schedule, has not been performed in accordance with the Approved Drawings and Specifications, or if the Developer has failed to cure any defects within the time specified with a Notice of Defect, the City may use the security referenced in 13.1 above to complete the Improvements. This remedy is not a limitation on remedies of the City and is in addition to any other remedy that the City may have at law or in equity.

The City's participation shall not relieve the Developer of any of its obligations under this Article XIV.

(b) **Transfer to Association or Other Transfers**. Upon Owner's transfer of maintenance obligations to the Association, (i) the Association shall become obligated to perform the obligations so transferred, and (ii) subject to the City determining that the requirements of **Paragraph 3** below have been satisfied, Owner shall be released from such obligation. The Association has unconditionally accepted and assumed all of Owner's obligations under this Agreement in writing arising after the date of the assignment and such assignment provides that the burden of this Agreement remains a covenant running with the land, and the assignee expressly assumes the obligations of Owner under this Agreement arising after the date of the assignment. The assignment shall also have been approved by the appropriate governing body of the Association by resolution or similar procedural method and approved as to form and content by the City Attorney. The City shall not unreasonably withhold or delay its consent to such assignment.

(ii) Association's Community Declaration. The City has confirmed that there have been no modifications to the recorded Community Declaration previously approved by the City, to any of the following provisions: the Association shall be responsible for the maintenance of the Association Maintained Public Areas, the Association shall indemnify City for all claims, demands, causes of action, liability or loss related to or arising from the maintenance activities by the Association except to the extent caused by the negligence or misconduct of the City, and the Association shall not seek to be released by City from the maintenance obligations of this Agreement, without the prior consent of City and one hundred percent (100%) of the holders of first mortgages or owners of the Property.

The Master Association shall obtain a comprehensive general liability and property damage insurance policy insuring the Master Association and the Owners against liability incident to ownership or use of the Master Association Property. At least sixty (60) days prior to such transfer, Owner shall give a notice to the City of Owner's intent to transfer its Maintenance obligations herein and provide the City with the appropriate documents listed in **Paragraph 3(a)**. The City acknowledges that Owner may transfer its obligations in Phases and in such case, Owner shall be released as to the obligations so transferred.

4. Assignment and Release of Association.

(a) **Assignment**. Upon Association's transfer of the Maintenance obligations to a Transferee, it is intended by the parties that the Transferee shall perform the Maintenance obligations either itself or by contractors. Such transfer will release Association from its obligations only if all of the following occur:

(i) **Transferee Accepts Obligation**. The Transferee has unconditionally accepted and assumed all of Association's obligations under this Agreement in writing, such assignment provides that the burden of this Agreement remains a covenant running with the land, and the assignee expressly assumes the obligations of Association under this Agreement. If the Transferee is a Subassociation, the assignment shall also have been approved by the appropriate governing body of the Subassociation by resolution or similar procedural method and approved as to form and content by the City Attorney. The City shall not unreasonably withhold its consent to such assignment.

(ii) **Subassociation's Declaration of Restrictions**. If the Transferee is a Subassociation, the City has reviewed and approved the Subassociation's recorded Declaration of Restrictions to confirm that said document contains appropriate maintenance and insurance provisions.

5. Owner's Insurance. Until such time as the Association has obtained the general liability insurance required under the Community Declaration, Owner agrees to procure and formally resolves to maintain at its sole expense, commencing no later than the date that the landscape architect of record has submitted a letter of substantial conformance pertaining to work being completed to the Development Services Director, or his designee, has deemed the work complete and satisfactory, a policy of public liability insurance that would include, but is not limited to the following:
